Bullet of Assassin Intended For Gaynor

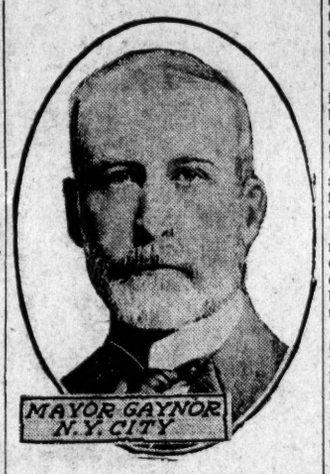
Mayor of New York Shot Down Yesterday by Disgruntled City Employe as He was Boarding Steamer.

WOUND MAY BE FATAL

His Assailant Borne to Deck by Former Princeton Football Star.

HAD REMARKABLE FORTITUDE

Sank to Chair and Later Hurried to St. Mary's Hospital—Would-be Assassin Expresses No Remorse. Excitement.



New York, Aug. 9.—Midnight: The following bulletin on Mayor Gaynor's condition was issued at midnight: "Mayor Gaynor is doing as well as could be expected. He slept some. He is perfectly conscious. There is no evidence of infection.
(Signed.)
"FERDINAND C. WOLFF,
"House Physician, St. Mary's Hospital."

New York, Aug. 9.—William J. Gaynor, mayor of New York City, was shot in the head and seriously wounded today as he stood on the promenade deck of the steamer Kaiser Wilhelm der Grosse, by James J. Gallagher, a discharged and disgruntled city employe. Gallagher was almost instantly overpowered and arrested.

The shot was fired at 9:45 o'clock this morning, fifteen minutes before the steamship was due to leave her pier at Hoboken, N. J.; and the Mayor was receiving god-speed from a group of friends preparatory to a vacation trip to Europe. The bullet struck him behind the right ear and ranged downward, inflicting a dangerous, though not necessarily fatal wound. And unless blood poison develops surgeons are hopeful of the Mayor's recovery, although at his age, 59 years—such a wound is essentially grave.

Tonight the Mayor is at St. Mary's hospital, Hoboken, surrounded by his specialists, with members of his family gathered near, awaiting the outcome with anxiety. All early reports from the hospital were hopeful in tone and this evening six X-ray negatives of the wound were taken to facilitate an operation for the removal of the bullet. Gallagher, the would-be assassin, is locked in a cell at Jersey City, held without bail. He expresses no remorse.

The big liner was gay with flags and ringing with shouted good-byes when the tragedy occurred. Most of those who had been aboard the ship to say farewell to friends or relatives had gone ashore, but a little group remained to talk with the Mayor. They were standing on the port side of the vessel near the promenade ward and were in the act of posing for a group photograph when Gallagher unnoticed, pushed his way almost to the Mayor's side and fired point blank at his head.

He used a 38-calibre revolver and an examination later disclosed that the first cartridge had missed fire. This probably saved the Mayor's life for Gallagher when he first pulled the trigger was less than two feet away. Backing away slightly in his excitement he pulled the trigger a second time and sent a bullet crashing into the Mayor's neck, below the ear.

William H. Edwards, commissioner of street cleaning and the former Princeton football star, lunged forward with his 300 pounds just as Robert Adamson, the Mayor's secretary, struck Gallagher's arm. As he did so a second shot pierced Edwards' sleeve, inflicting a slight flesh wound on the commissioner's right arm which remained undiscovered for hours because of the excitement. Unmindful of his wound Edwards hit the man a crashing blow in the face and they crashed to the deck together, Gallagher struggling with the strength of desperation and pulling viciously at the trigger in an attempt to fire another shot.

But Edwards was too much for him. He rained blow after blow on Gallagher's now bleeding face, while Adamson and Archibald R. Watson, corporation counsel for the city, flung themselves on the struggling two in an attempt to grasp the weapon. When Mr. Watson had obtained possession of it Edwards and Gallagher had a bitter struggle about the deck Edwards now crying and shouting in his anger and excitement and Gallagher panting as exhaustion began to grip his limbs. When completely subdued in the former football star's vice-like grip, a pair of steel nippers were slipped on his wrists by a special officer aboard the ship and he was rushed through a hooting and threatening crowd off the vessel and into an automobile and arraigned before Recorder McGovern, of Hoboken.

During the struggle with the man who had attempted to take his life Mayor Gaynor though badly wounded and bleeding from the mouth and nose did not once lose consciousness. The impact of the bullet did not even throw him from his feet but he raised his hands to his ears and with his face centered in pain he staggered in a dazed condition, leaned across the ship's rail until Adamson came to his assistance. Then some one drew a steamer chair to his side and in this the Mayor sat with relief. A few minutes later he was removed to a stateroom where the ship's surgeons temporarily bandaged the wound preparatory to his removal to St. Mary's hospital. He was taken there in a special automobile.

Rufus Gaynor, a son, was the only member of the Mayor's family present when he was shot. His wife and other children were at the Gaynor country place at St. James, L. I. When Mrs. Gaynor was notified by telephone of the tragedy she made a spectacular run by automobile, accompanied by her son, Norman, crossed the Queensboro bridge to Manhattan, sped across the island to the Hudson river and was taken to Hoboken in a police patrol boat. She was almost overcome when she reached St. Mary's hospital and was permitted to see her husband for but a moment. She was joined there shortly by Mrs. Ethel Vingu, a daughter, recently married, and they began their vigil near the bedside.

Rarely has a wounded man evidenced more fortitude and cheerfulness than did William J. Gaynor today. He evidently thought as he was being carried down the companionway from the ship on a stretcher that his wound was fatal for he smiled faintly and said to those near him: "Tell the people good bye." To his wife and his son, Rufus, he said at the hospital later: "It is very strange, very strange I wonder why he did it?"

But at no time did he express ill feeling toward the man who would have killed him. And that he looked calmly on the ever-present prospect of assassination is indicated in the tone of a recent letter to a citizen who had warned him of the danger of going in the subway without an escort. To this solicitious friend, Charles Weinblatt, a lawyer, he wrote on March 22nd last:

"I thank you very much for your letter, but I have no fear about going alone. I do not think any one would do me any harm unless he was a lunatic, and it is hard to guard against lunatics."

Gallagher, judging by appearances and actions is not a lunatic. His mind is apparently as sound as any man's of 50 odd years, but he has nourished in his heart a hatred for Mayor Gaynor ever since he was discharged as a night watchman in the department of docks and ferries in July last for incompetency.

Since then he has repeatedly written to the Mayor anonymously and otherwise, harping on an obsession that he had been persecuted and demanding redress. He has even written to the Governor, so is became known tonight and he went on board the Kaiser Wilhelm der Grosse today with the expressed purpose of murdering the man whom he charges with having robbed him of his bread and butter.

"You took the bread and butter out of my mouth," he shouted as he approached the Mayor, then he leveled the revolver and fired. The struggle about the deck ensued almost instantly. As he grappled with the man Commissioner Edwards was heard shouting "I've got him; I've got him," and as he pinned Gallagher to the floor he beseeched those around him to bring a pair of handcuffs. It was then that Henry Geering a special officer of the North German Lloyd Line, brought the nippers and Gallagher was pinioned with steel.

There was no panic on board during the disorder. Many tried to belabor the prostrate Gallagher and the excitement of course was intense, but the ship's officers used severe measures of discipline and effectually shielded the Mayor in his state room from the crowd of over solicitous passengers.

President Pedro Montt, of Chile, en route to Europe after his visit to this country, was a spectator of the tragedy and its ensuing scenes. He had been talking with the Mayor before the shooting occurred.

"The man was hanging around for several minutes," said President Montt. "I noticed that he carried one hand under his coat tail as if in the neighborhood of his right hand hip pocket, but I was not suspicious of this and paid no particular attention to the fellow.

"He did not seem to me to show any signs of excitement. The Mayor had just inrtoduced me to a friend of his from his own neighborhood in Brooklyn, who was going with him and asked me laughingly if I minded posing for another group photograph for the benefit of a newspaper man who had arrived late, when I heard Gallagher yell out something and saw his flash of his gun and then the shooting and the struggling began.

Commissioner Edwards said:

"I was standing with Corporation Counsel Watson, Dr. Lederle, the health commissioner, Commissioner Thompson, of the water department, and Mr. Adamson, the Mayor's secretary, on the forward deck when the assassin approached.

"We were wishing the Mayor a safe voyage. As we chatted I heard a shot directly back of us. It was immediately followed by another. We turned about and saw this man with a revolver smoking in his right hand and not three feet away. He had the revolver almost against the Mayor's back. Mr. Watson grabbed the fellow's pistol hand and held it upward. The man began to struggle desperately.

"I then seized him around the body and slammed him against the railing. I didn't care much what I did with him and for a moment I thought he was going overboard. He continued to fight furiously, but a well directed blow or two took the fight out of him."

Just as they got the man into the machine on the way to the lock up Mr. Edwards said the fellow looked about him and said so that all heard him distinctly say that: "He robbed me of my bread and butter and that's all there is to it."

Mr. Adamson and others made statements which practically corroborated those made by President Montt and Mr. Edwards.

Gallagher is a short, thick set man, weighing close to 200 pounds. He smoked a cigar cheerfully after his arrest, and at no time expressed sorrow because of his deed. On the other hand, he repeated stolidly that the Mayor had robbed him of a livelihood, and that he had meant to kill him. He is 56 years old.

Gallagher made the following signed confession of his act to Robert W. Bell, acting chief of police of Hoboken:

"I came over to Hoboken at 9:20 this morning. I went to the steamship pier, and I went on board the steamer Kaiser Wilhelm der Grosse. I met a clergyman on board of the steamship, and I asked him to point out Mayor Gaynor to me.

"He did so, and shortly after I fired a shot at the Mayor. I do not know if I fired more than one shot or not.

"Knowing that Mayor Gaynor was going to Europe this morning to enjoy himself after depriving me of my bread and butter, not porterhouse steak, I was irritated to the point of committing the act.

"The revolver you show me is the revolver that I done the shooting at the Mayor with. I don't know how many shots were in the revolver when I used it. I have had this revolver a long time in my possession. I carried it when I was in the employ of the city."

Gallagher seemed remarkably cool while making this statement, to which he affixed his signature.

After his arraignment before Recorder McGovern and held to await the result of the Mayor's injuries this afternoon, Gallagher was sent to the Hudson county jail at Jersey City, where he sat in his cell tonight, contentedly smoking a pipe and seemingly pleased with the attention he had attracted.

Condition very Favorable.

TRAIN HIT AUTO AND KILLED FIVE

Baltimore Touring Party En Route to Cape May Were Victims.

STRUCK BY PENNSY EXFRESS

Effort Made to Prevent the Acident Proved Fruitless—All Instantly Killed and Bodies Badly Brusied.

Cape May, N. J., Aug. 9.—Five persons were crushed to death tonight when an express train on the Pennsylvania Railroad dashed into an automobile at Mill Lane Crossing on the West Jersey and Seashore Railroad.

The dead are: Frederick W. Feldner and wife, and Fritz Mergenthaler and wife and their chauffeur M. C. Jones, all of Baltimore. Mergenthaler was the son-in-law of Mr. and Mrs. Feldner.

The party had been spending a few days in Atlantic City and this afternoon left for an automobile trip to Cape May.

As they approached the tracks, the fast running express was hidden from view by a corn field and it was impossible for the chauffeur to see the train until he was within a few feet of the tracks.

As the automobile bore down towards the tracks Mrs. Thomas McNeill, who resides close to the crossing, saw the rapidly approaching express and waved her hand for the automobile driver to stop his car, but the man either did not see the danger signal or thought that he could cross the tracks before the train reached him and dashed on to the road just as the train reached the crossing. The express struck the automobile squarely between the wheels and threw it and all of the occupants clear of the tracks. All five of the riders were instantly killed and badly cut and bruised.

The bodies were quickly gathered together and a physician hurriedly summoned, but a glance at the mangled forms showed plainly there was no need for medical aid.

Coroner Reeves was summoned and reached the scene a few minutes after the accident occurred. He took charge of the five bodies and had them brought to his morgue here.

So severe was the compact that pieces of the machine were driven on the piston rod.

Residents of Baltimore.

Baltimore, Md., Aug. 9.—Fred W. Feldner, of this city, who with his wife, son-in-law and daughter, Mr. and Mrs. Fritz Mergenthaler, and their chauffeur, were killed when a Pennsylvaia railroad express train struck their automobile near Cape May, N. J., tonight, was a well known lawyer of this city, and was associated with Frank A. Furst, also of Baltimore, in a contract which contemplates the draining of the Everglades and in other large enterprises. Mr. Mergenthaler, who was also a resident of this city, was a son of Ottmar Mergenthaler, the inventor of the Mergenthaler Linotype.

FLOODS IN JAPAN.

Houses Submerged and Railway Lines Badly Washed.

Tokio, Aug. 9.—A torrential rainfall that continued today has caused devastating floods principally in Shiuzuoka province, on the southern coast.

Hundreds of houses have been submerged and one occupied by students in the province of Shiuzuoka was buried with its tenants beneath a landsdile.

Washouts along the railway lines are reported and several trains have been derailed.

SHADOW IS OVER KNIGHTS' PARADE

Serious Accidents Marred Feature Day of Masons in Chicago,

FORTY THOUSAND WERE IN LINE

Greatest Gathering of Knights Templar on Record—One Man Killed and Other Mishaps Resulted. Features.

Chicago, Aug. 9.—One tragic death, one accident which physicians say will prove fatal and a dozen minor mishaps, due to the crowds, cast a shadow today over the parade of what Masons say was the greatest number of Knights Templar, who ever formed in line in any city.

Except for a slight thunderstorm lasting, but a short time, the weather during the long march was perfect. From 9 o'clock when the signal to start was given, until after 1 P. M., when the last Knight had passed before the reviewing stand the thermometer ranged from 71 to 97 degrees while a cool breeze prevented any considerable discomfort from heat among the assembled thousands.

More than 40,000 Knights were in line over half a million spectators sat in the huge reviewing stand occupying the entire east side of Michigan boulevard as far south as 12th street and stood patiently along the line of march.

The first note of tragedy in the day came when Hermann W. Grossmann, of Chicago, on his way to join his commandery was caught in the death strip between two cars on Templar Way and received injuries from which he died on his way to the hospital. In the grand stand, two blocks away sat Mrs. Grossmann, unidentified for three hours, while she scanned the marchers for her husband, not learning of his death until the parade had passed and she reached home.

William Hackett, a Knight from Fosteria, was thrown from his horse in the parade and dragged with his heel in the stirrup for a block before the animal could be stopped. At the hospital here tonight it is stated Mr. Hackett's injuries are fatal.

W. B. Biddie, of LaPorte, Ind., was struck by a cab and received serious injuries. Scores of women who fainted n the rush received attention in the emergency hospital booths which had been erected at intervals along the line of march.

Behind a platoon of mounted police, the procession was led by California mounted commandary of San Francisco. Immediately following came 100 open carriages, each containng four members of the Grand Conclave, the highest body in Knight Templardom of this country. Acting Grand Master William Melish occupied the first. Accompanying the Grand Conclave were noted guests from Priory of England, the Earl of Euston and representatives from the great priory of Canada.

Immediately after the parade the first formal session of the conclave was held. These business sessions will be held daily until the conclusion of the gathering here.

The selection of the city which is to have the next Conclave and the election of officers will not be reached before tomorrow.

Unless some unexpected candidate develops unusual strength in the Conclave the choice for the next triennial gathering lies between Los Angeles, New Orleans, Denver and Cincinnati, the home of Grand Master Melish is also making a fight for the Conclave. Atlanta, Ga., which has among the most imposing headquarters is doing effective advertising with a view of landing the conclave in 1916.

Tomorrow will be occupied with competitive drills and entertainment at their headquarters by the various commanderies. In the afternoon there will be an equestrian exhibition at the big pavilion in the stock yards and in the evening the Grande Commandery, of Illinois, will give a banquet to the officers and men of the Grand Encampment.

SODA FOUNTAIN ALTAR

Young Couple Have Propietor of Drug Store to Marry Them.

Athens, Ga., Aug. 9.—A drug store was the place chosen by Adolphus Bradley and Miss Smith, of this city, in which to be married.

All the clerks were busy when Miss Smith and Mr. Bradley entered and seated themselves at a little table. Miss Smith told a waiter she would like to see the proprietor. The store is kept by the Rev. H. C. Compton, and when he appeared, she asked him to bring two glasses of soda water. Rev. Compton complied and as the glasses were about drained, his customer said:

"Will you marry us?"

A wedding license was laid on the table to back up this request. Rev. Compton is known in this section as the "drummer parson," and when the license appeared, he justined his sobriquet by changing from business man to dominie in approximately two moves. He reached for his coat, and put it on.

The young people stood up, and so quickly and quietly was the ceremony performed that not even all the customers in the store realized what was transpiring.

TEDDY IS ACTIVE IN POLITICS AGAIN

Conferences Arranged to Discuss State and National Issues.

LOEB GREETS FORMER CHIEF

Gifford Pinchot Will Talk With Him About Conservation Today—Invited South to Southern Commercial Congress.

Oyster Bay, N. Y., Aug. 9.—Theodore Roosevelt spent this evening talking politics with William Loeb, Jr., collector of the port of New York. Tomorrow he expects to have a conference with Gifford Pinchot, former chief forester, and James R. Garfield, ex-Secretary of the Interior. They may be able to reach Oyster Bay tomorrow, however. For the past two weeks Colonel Roosevelt has practically avoided political conferences. The renewal of conferences of such a nature is taken as an indication that the ex-President may be preparing to engage more actively in political affairs, State and National, although he allowed no comment to escape his lips today.

Mr. Loeb spent the night with his former chief. Before their conference began Colonel Roosevelt remarked with a smile that he did not know what they would talk about. When an attempt was made later to learn what had been discussed, Colonel Roosevelt sent word that he has nothing to say tonight about the matter, but might say something tomorrow.

The colonel was equally reticent about the expected visit of Mr. Pinchot and Mr. Garfield. All three men are numbered among his closest friends and most trusted advisers.

Mr. Loeb was suggested some time ago as a possible candidate for the Republican nomination for Governor of New York, and Mr. Pinchot's name has been mentioned in the same connection. It was generally understood that Mr. Loeb had determined not to allow himself to be considered as a candidate. He was unwilling to say tonight whether his talk with the Colonel had anything to do with the Governorship. It is regarded as certain, however, that the subject and consideration of the policies to be advocated by the Roosevelt-Hughes forces at the Saratoga convention formed the chief topic of discussion.

One of the principal objects of Mr. Pinchot's coming visit, it is believed, is to acquaint Colonel Roosevelt with public affairs, especially conservation, which is to be one of the chief topics discussed by Colonel Roosevelt on his Western trip. Mr. Pinchot has just returned from a trip to California.

Mr. Garfield, it is expected, will talk over the political situation in Ohio with the Colonel.

New York, Aug. 9.—Theodore Roosevelt spent the day at his editorial office in this city. Senator Jonathan Bourne, of Oregon; G. Grosvenor Dawe, of Washington, D. C., and Charles H. Davis, of Petersburg, Va., met him by appointment.

Senator Bourne told the Colonel about the progressive ideas entertained in the far West, and described what Oregon has done in passing reform laws. He sought the ex-President's endorsement of all these measures.

"Was your talk with Colonel Roosevelt about politics?" he was asked after it was over.

"No, not in the ordinary acceptation of the word," he replied, "yet if successful in my mission, the result will be of the utmost importance to this country and by example to the rest of the world.

"I explained to Colonel Roosevelt how Oregon, through her initiative and referendum direct primary, corrupt practices and recall laws, has evolved, adopted and demonstrated the most effective form of popular government known to the world. These laws provide and insure equitable protection of the rights of men and of property to establish absolute sovereignty of the people, the accountability of every public servant directly to the party and the general electorates, instead of to the political boss, and through him to the campaign contributors. This accountability makes Oregon's government truly representative.

"Colonel Roosevelt's endorsement is not essential to the ultimate success of the cause, but believeing he has the same confidence in the honesty and intelligence of the people that they have demonstrated they had in his, and appreciating his prominence before the world, I realize that his advocacy will accelerate the adoption of similar laws in other states. This was the mission of my call."

"What did he say?"

"You will have to ask him."

Colonel Roosevelt, after the Senator's departure, said that he was greatly interested in his visitor's recital, and was already on record as favoring progressive legislation.

Dr. Dawe and Mr. Davis called together to ask Colonel Roosevelt to attend the Southern Commercial Congress, which is to be held next March. Definite arrangements for the Congress have not been made, but Mr. Roosevelt said that he probably would attend it and make an address.

Mr. Dawe said that on October 7th, the day before Colonel Roosevelt is to visit Atlanta on his Southern trip, a meeting of 160 business men, representing 16 Southern States, will be held in Atlanta, to draft plans for the Congress. These plans will then be laid before Colonel Roosevelt.

"The Southern Commercial Congress is a non-political movement," said Mr. Dawe. "Its object is to make the South understand what it had got and to arouse it to its great opportunities. The second purpose is to teach the rest of the world what the South has. We believe the movement is destined to influence the future of the South greatly, and to stir it to a sense of its responsibilities and its great future."

BIG BOSTON FIRE WITH HEAVY LOSS

Five Buildings and Ten Million Feet of Lumber Destroyed.

FIVE FIREMEN WERE HURT

Occurred in Wholesale Lumber District and Loss Will be Upward of Million Dollars—First General Alarm in Years.

Boston, Mass., Aug. 9.—A loss of upwards of $1,000,000 was caused tonight by a fire in the wholesale lumber district. Starting from an unknown cause in the lumber yards of Blacker and Shepard, at the corner of Dover and Albany streets, the blaze assumed early proportions of such magnitude that a general alarm—the first sounded in this city since 1872—followed within ten minutes of the first alarm.

The fi re zone extended along both sides of Albany, south from Dover street, on the east side, wiping out the buildings and ten million feet of lumber piled on the Fort Point channel docks of the Blacker & Shepard Company, and on the west side extending to the Thayer street public play ground. Five brick buildings on the west side of Albany street were destroyed. These included a three-story tenement block, four woodworking factories, and the Boston Fire Department repair station.

It was estimated that the Blacker and Shepard Company's loss would be upwards of $300,000. The Boston Fire Department damage on the repair shop and its contents are estimated to be about $150,000.

The fire called out practically all the Boston Fire Department, together with large numbers of men and numerous pieces of apparatus from nearby cities. Five firemen were caught in a shower of bricks and burning embers when the rear wall of the Paull building, a woodworking establishment, buckled and fell. The men were all rescued, but Hoseman Edward O'Connell is seriously injured.

SHOOTING IN UNION.

One Dead and Others Injured in Five-Handed Fight.

Monroe, N. C., Aug. 9.—In a five-handed fight last night in Buford township, near this place, about 10 o'clock, Ben Hunter was shot and killed and his companion, Walter Stak, was shot in the arm, by three brothers, Gus, Bill and Winfred Belk.

Details are meager, but it seems that there had been some trouble between the men, all of whom are farmers and well known in this county, and at the meeting last night there were some words passed, and then the shooting began. It appears that Hunter was shot while trying to make his escape, as two of the bullets entered his back. It is also said that he was shot twice after he fell, and that both bullets took effect in his temple, killing him instantly.

Owing to the prominence of the men and the suddenness of the killing, the entire community is highly excited and a hurry call was sent into Monoe about 10 o'clock last night after the shooting, and the sheriff was asked to come to the scene. He left immediately, and as yet nothing has been heard from him.

SHOT FROM AMBUSH.

Henderson County, Tenn., Farmer Meets Untimely End.

Nashville, Tenn., Aug. 9.—Near Sardie, in Henderson county, Tennessee, yesterday afternoon, Mart Green, a white man, was assassinated from ambush. He was riding horseback on his way home when some one emptied the contents of a double-barreled shotgun into his body, death resulting in a short while.

In his dying words he is alleged to have mentioned a neighbor, Abe Martin, and Martin was arrested, but his friends claim he will prove an alibi. Green leaves a widow and thirteen children.

CATTLEMEN'S DUEL.

Hall Kills Bonavidas, Whom He Accused of Stealing.

El Paso, Texas, Aug. 9. — Pedro Bonavidas was shot and killed near Deming, New Mexico, yesterday by Tom Hall, a prominent and wealthy cattleman.

Hall charged Bonavidas with stealing cattle, and a fight with revolvers ensued. Hall surrendered to the sheriff.

Where They Play Today.

Rocky Mount at Raleigh.
Wilmington at Fayetteville.

Five to three, in favor of the Highlanders, was the sad story flashed to the local fans over the electric score board at Struthers' yesterday afternoon, the first game lost by the Sailor crew under new management in the last five played.

On account of the tie, a doubleheader will be played in Fayetteville today, the first game beginning at 3 o'clock and the last at 4 p. m. Returns will be received again at the matinee, the first game by innings and the last in detail, and there will be no advance in prices, 15 cents for adults and 10 cents for the "kids."

The games started yesterday well enough, when Mullen was out, short to first, and after Dwyer had bingled safely by short, O'Halloran aviated, Landgraff retiring the side by forcing Peartree at second, the aforesaid Peartree having drawn four wide ones after Dwyer had pilfered second. Hofman started Wilmington with an amble, and after Cooper was out for attempting to bunt third strike, and Tydeman fouled to catcher, he stole second and scored on Orth's hit by second. Mills was then up, and Orth registered on a wild pitch, Mills going out, third to first.

Kluttz started the second with a bingle to center, and after Dubbs had been hit by fairly batted ball and was out, the runner scored on Kite's long drive to center; Hanks flew to pitcher and Kite was doubled at first. For Fayetteville, Cantwell and Galvin fanned and Boyle fouled to catcher.

In the third Cooper got a single and stole second, but there was nothing more doing. For Fayetteville Brandt beat out a bunt to pitcher; Mullen hit a long drive to left; Dwyer sacrificed, Brandt scoring on O'Halloran's out, second to first; Peartree walked and stole second; Landgraff singled to center, scoring Mullen and Peartree.

Brandt relieved Mayer in the box in the third, and Brooks mounted the slab for Hanks in the fourth, when Wilmington was out in order. For Fayetteville, after Boyle was out, second to first, Galvin hit to third too hot to handle, Brandt hit safely to left and Mullen over short, Dwyer by second, Galvin and Brandt scoring, O'Halloran being out to first and Peartree on fly to Mills. It was one, two, three for both teams in the fifth, and the monotony was only broken in the sixth by bingles by Galvin and Mullen. Dubbs poled one out in the seventh, but two Highlanders whiffed and Landgraff aviated for Fayetteville. Brooks started the eighth with a bingle to left, and after Hoffman had skied to left, Cooper singled by second, but Tidy Ty ethered and Orth flew to second. Boyle, Galvin and Brandt whiffed in rapid succession at Brooks' superb delivery. Mills started the ninth with a splendid drive to right for two sacks, but Klutz, Dubbs and Kite were out from the infield.

GAME AT FAIRMONT.

Tigers Defeated the Giants—Score Two to One on Diamond.

(Special Star Correspondence.)

Fairmont, N. C., Aug. 9.—The Tigers defeated the Giants in a fast and snappy game here yesterday. The feature of the game was the batting of Thompson for the Tigers and the pitching of Thompson for the Giants. Batteries for the Tigers, Thompson, Bine, Ball, Cobb and Jones; Giants, Elhwanger, Thompson and McDaniel. Umpire, Mr. Lowry; time 1:40.

TWO STRAIGHTS FOR GIANTS

Lane Pounded Hard, While Gunderson Held His Own Well—Morgan's Heavy Stick Work.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 9.—Goldsboro made it two straights from Wilson by taking today's game. Lane was hit hard and poorly supported, while Gunderson allowed only three hits, two of which came in one inning.

Wilson started the scoring in the second, when two hits and an error sent a man across. In the third, a walk and three hits netted three runs for the Giants. Three hits and an error gave them two more in the sixth. The gilt-edge playing which Morgan is now putting up at short shows him to be one of the fastest infielders in the league. Gunderson, McDonald and Dailey featured at the bat, the first two getting two apiece, and Dailey got three.

Coast Line Teams Played.

A game of baseball was played yesterday on the Baraca diamond, at 17th and Chesnut streets, between teams made up from the Inter-Line and Freight Checking bureaus of Mr. Prince's office at the A. C. L., the result being a victory for the first named by a score of 9 to 2. Houston's heavy hitting for the Inter-Line team and Goldberg's fielding for the other aggregation, were the features.

BLOCKADE IN ORANGE.

Revenue Agents Destroy Big Still and 800 Gallons Whisky.

Durham, N. C., Aug. 9.—News was received in Durham this afternoon that Officers Merritt and Pool, of the revenue service, captured a blockade distillery in Orange county, with 800 gallons of whisky, thousands of gallons of beer and a complete outfit and two men. This is the biggest raid in this, the worst blockading district, since prohibition went into effect. Officers will return to the city this afternoon.

TWICE WON BY THE RED BIRDS

Richardson Batted Out the Hits That Perched Victory on Banner of Raleigh With Rocky Mount Yesterday.

(Special Star Telegram.)

Raleigh, N. C., Aug. 9.—Richardson won the game for Raleigh from Rocky Mount twice today. In the seventh, with two men down and two on bases, Richardson's hot drive by first base brought both runners home. In the next inning Rocky Mount tied the score, and in the ninth, with two men out again and McCormick on second, Richardson got the hit that scored. Raleigh's fielding was exceptionally good today. Clemens' hip was injured while running bases, putting him out of the game.

IGNACIO WRECK.

Eleven Dead and Score Injured—Disobedience of Conductor.

Ignacio, Cal., Aug. 9.—Disobedience of orders on the part of a conductor, according to the railroad officials, was responsible for a head-on collision between a passenger and work train on the Northwestern Pacific last night that took a known toll of eleven lives and resulted in the injury of about twenty. The unidentified bodies of three others are reported to be under the wreckage.

The smoking car of the passenger train was telescoped by the engine of the work train, and aside from the members of the train crews who were hurt, all of theh killed and injured occupied the smoker. With the exception of E. W. Banks, of Rockford, Ill., who was killed outright, all of the dead and injured were Californians, most of them residing in the towns along the railroad on which the wreck occurred.

George Flaherty, conductor of the freight train, who is accused by General Superintendent Palmer of violating telegraph instructions to remain in the Ignacio yards until the passenger had passed, thus causing the smashup, is in a state of collapse today and is unable to make a statement.

COACH FOR ELON COLLEGE.

"Bunn" Hearne to Coach Ball Team and be Athletic Director.

(Special Star Correspondence.)

Elon College, N. C., Aug 9.—Arrangements have been perfected by which Mr. Bunn Hearne, who did such effective and efficient work here last year in the box for Elon, and who has made a great name for himself in the Eastern Carolina League this Summer with Wilson, is to coach for the college team and act as athletic director for next year. Mr. Hearne was popular here last year as a student and pitcher and will be most heartily welcomed in this new and larger capacity.

Mr. Hearne, who is popularly known as the big boy of the Eastern Carolina League and who has recently been sold to the St. Louis Nationals for the neat consideration of a thousand dollars by the Wilson management, is eminently qualified for this responsible position both by temperament, training and experience. He expects to put out a strong winning team next season.

Manager J. J. Ingle, of the baseball team for next year, is busy arranging his schedule for the ensuing year and getting his prospects in line for the team. Next year bids fair to be a red-letter one in Elon's athletic history.

Not Boardman White Nine That Played at Lumberton, N. C.

(Special Star Correspondence.)

Boardman, N. C., Aug. 9.—As stated in an article printed in the Star on the 8th, we noticed that Lumberton defeated Boardman two games in one day. While we feel that it would have been an honor for Lumberton to have turned the trick, we are sorry to say that it was the colored team and not Boardman's regulars, who are now off making a fine record with the amateurs of South Carolina.

My Corns Don't Hurt A Bit.

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's **just wonderful** the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ, than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend.—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

THE BIGGEST YIELD OF CORN

Fine Farm of Mr. G. B. D. Parker in Duplin—Heavy Rainfall — New Building—Equipment for National Guard—Charter.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 9.—It is said here by parties who have recently been into that section of the State, that G. B. D. Parker, of Chinquepin, Dublin county, has probably the largest extra fine field of corn to be found anywhere in the State, entitling him to the distinction of 'corn king" in this State.

He is said to have a field of 300 acres in corn, one section of fifty acres promising a yield of not less than 80 bushels. The prospect is for a total yield of 20,000 bushels. There are over 200 acres that will yield not less than 65 bushels to the acre. Mr. Parker does not by any means devote all his energies to the cultivation of corn. He has large crops of cotton, tobacco and other products, his plantation being a model both for cultivation and diversity of crops.

During a downpour of rain last afternoon the fall was 2.57 inches in eight minutes, the heaviest of the month. In June there was a fall of the same amount in five minutes.

Old buildings that are to give place to the new Shepherd building, on Fayetteville street, between Hargett and Morgan, are to be torn away within the next week, and the work on the new structure gotten under way. The building will have 57 feet front and will be of pressed brick, with terra cotta trimmings. It will be three stories, and will have three stores on the first floor.

A charter is issued for the Burlington Live Stock Company, Burlington, Alamance county, capital $50,000 authorized and $3,000 subscribed, by J. C. Squires and others.

Adjutant General Armfield, of the North Carolina National Guard, has made requisition on the United States War Department for $20,000 worth of equipment to supply all deficiencies in the present equipment, and leave in hand stores that will maintain the wear and tear of this equipment for some time to come. When this equipment is distributed, as it will be just as soon as it is received at headquarters here, every company of the Guard will be fully equipped for field service. Among the new features of equipment ordered are field desks for the captains. The department recently received a number of unique new field ranges for cooking. They are marvels of compactness, and have a great variety of utensils, including pans, boilers and other things, and weigh only 70 pounds.

COLORED SUNDAY SCHOOLS.

Convention of Baptist Workers in Session at Raleigh.

(Special Star Correspondence.

Raleigh, Aug. 9.—The attendance of the thirty-eighth annual session of the Baptist State Sunday school convention and the Baptist Young People's union convention of North Carolina (colored), from present indications will be the greatest convention in the history of the organization.

The B. Y. P. U. convention began its sessions Monday night in the First Baptist Church, this city, Prof. W. H. Knuckles, of Lumberton, being the presiding officer.

"How to Attract, Hold and Interest Young People in the B. Y. P. U." was the subject at this morning's session of an interesting and instructive lecture by Miss Bessie Shearer, of Durham. That this organization had to do a sociological work among negroes to have this phase of religious activities to become effective, was a cardinal fact clearly enunciated by her.

Dr. A. W. Pegues, one of the leading theologians and scholars of his race, delivered a lecture that showed why the negro minister should become wholly interested in the B. Y. P. U.

"The Opportunities of the B. Y. P. U., and Scope of Work That it Might Do" was the subject of the lecture of Dr. S. N. Vass.

The principal features of the afternoon session were the annual address of Prof. W. H. Knuckles, of Lumberton, president of the B. Y. P. U. convention, and a lecture by Rev. G. W. Watkins, of Greensboro.

The programme for this evening's session will be welcome addresses and responses to the same, as follows: Welcome addresses on behalf of the Sunday schools, C. E. Nevels; "The Churches," Dr. W. T. Coleman; "The City," His Honor Mayor J. S. Wynne; response on behalf of the convention, Rev. J. A. Whitted, D. D. The annual sermon was preached by Rev. C. S. Brown, D. D., a noted colored divine. DUNCAN CLAIMS LEAD OF 200.

Organization Sees Victory for the National Chairman.

Greensboro, N. C., Aug. 9. — The organization at 12 o'clock, in basing its estimate upon reliable returns, claims that Morehead will be defeated by a majority of over 200.

It is claimed that Mr. Morehead, who has never participated in a Republican convention in his life, cannot and ought not to be elected, and that his connection with Mr. Butler will cost the Republican party more votes than were gained two years ago. The life of the party is involved in the defeat of Mr. Butler. This statement comes from the caucus, where the reporter found Adams, Duncan, Pearson, Rollins, Timberlake, Hicks, Britt, Cowles, Norris, Bradshaw and others. — Charlotte Observer.

Republicans at Kinston Refused to Heed His Demands.

(Special to News and Observer.)

Kinston, Aug. 6.—Ex-United States Senator Marion Butler addressed a fair sized crowd in the court house today and spoke for an hour and a half, largely upon the issue of ousting the present organization of the Republican party. He divided his attention between the present organization of that party in the State, which he designated as the "pie brigade," and the Democrats, many of whom were present and received his denunciation of them with the same smile that appeared on their faces when he denounced the Republican Federal officeholders, whom he charged with being opposed to a strong Republican party in this State, was delivered with all the force at his command, and coming from a fellow partisan, was doubtless bitter to them, but so far as its effectiveness in producing results is concerned it appears to have fallen upon stony ground. The Republican convention which followed soon after, went right on and named a Duncan delegation to the State Republican convention.

Immediately after the close of Butler's speech the Republican county convention was called to order and wrangling immediately began over the seating of contesting delegations. While the credentials committee was struggling with these problems J. M. Newborne, the local census man, entertained the gathering with a reply to the speech that just had been concluded by Mary Ann. He took violent issue with Mr. Butler in his denunciation of the officeholders, saying that Butler's sole purpose in getting the "ins" out was to get the "outs" in, to swap the crowds eating the pie. The convention finally selected a solid Duncan delegation to the State convention.

INDIANS CHIEF WITNESSES

Probing Deeper Into Gore Charges at Land Scandal Inquiry.

McAlester, Okla., Aug., 9.—While J. F. McMurray was in Washington last May urging the approval of his contracts by which he and his associates would be able to secure 10 per cent. attorney's fees on the sale of $30,000,000 worth of lands owned by the Indians, the Indians themselves were being urged to send telegrams to Washington recommending the sale.

A few days before May 6th, on which date Senator Gore charged he was offered a $25,000 or $50,000 bribe to induce Congress to approve the contracts McMurray telegraphed to Oklahoma:

"Send not less than fifty letters and telegrams and keep up the work for a week at different towns; looks better here. We will win, I know."

This evidence was brought out in the investigation of the land deal before the Congressional Committee today. Senator Gore said he introduced it to show the activity at Washington at the time the bribe is alleged to have been made.

Many Choctaw Indians went on the stand to show that shortly after McMurray sent his telegrams they were visited by Gore W. Scott. McMurray's agent. Scott asked the Indians to sign telegrams approving the sale of the 450,000 acres of coal and asphalt land on the ten per cent. "attorneys fees" basis. The Indians telegrams were addressed to Richard C. Adams, an attorney at Washington who was supposed by the Indians to give the messages to President Taft. The Indians readily sent the telegrams, they testified, because they were impatient at the delay of the government in disposing of the lands according to treaty promises.

References to Vice President Sherman and Senator Chas. Curtis, of Kansas, were made in a letter introduced by Senator Gore. It had been explained by Congressman C. E. Creager that he and Richard Adams had called upon President Taft and that the President had announced his disapproval of a plan to reopen the tribal rolls so that more claimants might enter, and his approval of settling the Indian land question.

President Taft, it was said, wrote a letter to that effect and declared his willingness to have it given wide publicity. After the letter was made public George Scott wrote to Mr. Adams at Washington, "Please say to the President that his course is commended; he has placed himself on record in his letter to you as against the reopening of rolls and as a settlement of our affairs. His office will give prestige to our demands. With Mr. McMurray there to state our claims, with Mr. Curtis and Mr. Sherman, who understands better than others what we want, and with the assistance of the President, it begins to look like we are coming into our own."

Senator Gore stated that he had not introduced the letter because of the mention of Vice President Sherman and Senator Curtis. The latter, together with President Taft, it already had been shown in previous testimony, had declared themselves against the ten percent fee caluse in the McMurray contracts.

BURIED IN SALISBURY

Former Young Machinist in A. C. L. Shops at Florence, S. C.

Salisburg, Aug. 9.—The remains of Robt. M. Cronenberg, who was drowned at Tybee Island Sunday while attempting to save his wife from death under the waves, were brought to Salisburg today for interment. The funeral was held this afternoon from the residence of a relative, Mrs. Whitaker, on Henderson street. He saw his wife struggling with the breakers and went to her rescue saving her life but losing his own in the attempt. Mr. Cronenberg was 28 years of age and lived at Waycross, Ga., to which city the family moved about two years ago. He was a machinist in the employ of the Atlantic Coast Line.

Mecklenburg Man Figures in Sensational Elopement in Union.

Monroe, N. C., Aug. 9.—Quite a sensation was raised here this morning when it became known that John W. Rollins, a Mecklenburg county man, living near the Union county line, had run away with his step-daughter at a late hour last night and that he had so far eluded his pursuers, one of whom is the husband of the step daughter.

From the few details that can be gathered it is learned that Rollins is driving a small mule hitched to a buggy. The turnout belongs to the Sikes Livery Company of Monroe and the yare very anxious about the apprehension of the runaways so that he may get his property.

Rollins is a big man, about 45 years old, dark complectioned and has black hair and a moustache. There is also a scar over his left eye.

Every effort on the part of the local and county authorities is being made to catch the elopers and it is thought that it will be only a matter of time before they are brought back to their original homes as they are both well known.

No cause for the elopement or what brought it on can be learned and this will probably remain a secret until they are apprehended.

Healthy Mothers

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday August 10th, 1910.

Charleston will send eight members to the South Carolina Legislature. The delegation will be solid in its opinion that all the members from the "up country" are insurgents.

The seismograph in Washington recorded a movement of the earth a few days ago. It may have been caused by the Western insurgents when they "fell down" on President Taft last week.

The Democratic candidates who are running for big offices in the South Carolina primary have the same opinion of each other that North Carolina Republicans are indulging in concerning themselves.

Now comes news that a New York man has been jailed for singing "Annie Laurie." This should be sufficient warning to the men of Maxton that, when they try to sing it, they should be prepared to dodge the constable.

President Roosevelt gets credit for making President Taft. President Roosevelt deserves credit for making trouble for President Taft, for it was "My Policies" that caused the row in Republican ranks.

The hobble skirt is here. Men may not like them so very well, but if a North Carolina girl wears a hobble skirt, you may count on finding the fellows wherever there is any kind of a new fangled dress. It's the girl and not the dress.

A "square deal" is to deal the other fellow a hand without monkeying with the cards so as to give him cold feet too early in the game. Colonel Roosevelt will please fight shy of this and refrain from appropriating it in order to explain himself.

The man who works for wages or who has no business that gets any share of the protective tariff, can vote the Republican ticket if he believes in taxing himself for the benefit of trusts which so manipulate prices that the average man can hardly support his family.

The old line Republicans are saying awfully hard things about Butler and Morehead, while Butler and Morehead state a tough proposition about the old liners. The Star agrees with everything they say about each other—and so do the majority of the good people of North Carolina.

The Vice President is supposed to be a person who receives little mention, and it would be better if nothing were said at all than that a briber should come along and cause a good deal to be said about Vice President Sherman. There is no way, however, to prevent a burglar from claiming that the biggest man in the country belongs to his crowd.

It is figured out that purchasers lose about $39,000,000 a year because they cannot give the dealers the proper change. For that reason, a New York banker suggests the coinage of 2 1-2-cent pieces, so a purchaser can strike even instead of paying 3 cents for a 2 1-2-cent purchase. The half-cent loss looks big in the aggregate, but time was in the South when a purchaser spruned the humble copper cent in change. Now we are after the half-cent, as well as the dollar.

The Washington (N. C.) Daily News is a year old, and it looks chipper and healthy. The News is a credit to the good old town of Washington, which has grown into a city of about 10,000 inhabitants. It is in one of the finest sections of eastern North Carolina, and the State has no finer people than those of the Pamlico section. In supporting a daily paper like the News, they manifest a spirit that makes for progress. Washington is a promising city, and is bound to keep on growing.

CAN'T FOOL THE PEOPLE.

President Taft in his campaign speeches promised tariff revision, and he meant downward. That was what the people were demanding with an emphasis that he could not fail to understand. If he had meant that the tariff should be revised upward, he would have been beaten out of his boots for President. However, the people took him at his word and made him President, confidently expecting that he would see to it that his campaign pledges were carried out. When he became President and the tariff bill was before Congress, he never reasserted his demand for tariff revision, but accepted revision such as Aldrich, Payne and Smoot arranged in behalf of tariff beneficiaries, instead of for the relief of the people.

The plain failure of the President to comply with his promises, as they were understood by the people who were seeking relief, lost him the confidence of a large element of his own party, and disappointed the entire Democracy, which considered that a tariff which had not been revised for nearly a score of years was out of date and burdensome to consumers.

The course of President Taft and his party was the cause of the insurgent movement among those Republicans who have grown tired of seeing their party use its power for the benefit of the special interests, instead of for the people. The record which has caused insurgency certainly should unite the Democracy against a party that always has stood for plutocracy against the interest of the masses. Upon this question alone, exclusive of other Republican wrongs and National scandals, the President and his party should be condemned by the people at the polls in November.

The condemnation of the Administration and Congress is already assured, even should the Democrats elect to Congress no more members than they had in the last Congress. The insurgents in the West have proven themselves so strong that they have renominated and will re-elect the insurgents who were allies of the Democrats in overthrowing Cannonism and securing wholesome amendments which improved the class of legislation of which the President and his party are now claiming the credit. The Democrats, however, should not only hold their own, but should send a Democratic majority to the next Congress so strong that legislation in the interest of the people could be enacted without depending upon the assistance of the insurgents. A united Democracy at this time promises more for the people than in a score of years. Let every Democrat stand to his party and secure a triumph for the people.

The meaning of the insurgent victories in several Western States is that the people have been aroused to their interests and that the Republicans in the Middle West will continue to fight for a revision of the tariff downward, for the elimination of Cannonism in the people's Congress, for the removal of Secretary Ballinger from the Cabinet, and for other reforms by which it is hoped to rescue the Republican party from the dominancy of Aldrichism and special interests. It was in the country of the insurgents that President Taft, in his Winona speech, declared that the Aldrich-Payne-Smoot tariff act is the best the country ever had. Insurgency's overwhelming answer in sweeping their States is that they know better than that. The President's speech had no effect upon them. They had their own opinion about it, and they will send men to Congress who will agree with them and not with the President and Aldrich.

The people do not approve that tariff law, and the Republican party is facing the necessity of amending it in several important particulars, if it expects to stand much chance of re-electing President Taft in 1912. The Republican party has again shown, however, that it cannot be trusted with the interests of the people, and it does not deserve to win now or in the Presidential election two years from now. It is estimated that the insurgents up to this time have gained from four to six new members who will take the place of standpatters, and with the probability of Democratic success in November, the comments of the press are to the effect that it is already certain that Cannon will not be re-elected Speaker, and that trouble is laid up for Aldrich and the tariff hogs.

The Republican Congressional Campaign Committee began this campaign with the bold intention of having the Aldrich tariff act endorsed by every Republican State convention, but insurgency has sent in its disappointing answer. A United Democracy should give a black eye to the presumption that appeals to the people to vote against their own interests for the benefit of millionaire beneficiaries of the Taft-Aldrich-Payne-Smoot tariff. Can the voters of North Carolina be fooled into supporting men for Congress who will not represent them but the interests? Will a sane consumer vote for a tariff which enables the protected interests to make consumers pay two or three prices for what they consume? We hardly expect to find many North Carolinians who will take the hook.

GOOD ROADS AS A DEVELOPER.

New Hanover county furnishes a fine example in demonstrating the immense value of good roads as a factor in development along many lines. New Hanover began to build good roads by the levy of a special road tax and finally engaged in the work on a more extensive and substantial basi by bond issues. The result is a fine system of roads extending to every portion of the county, with every road a macadam highway with the exception of one which will be completed within a few months. Not many years ago an automobile could not have gone in commission in Wilmington much less in the county, but now the city's improved streets and the county's fine macadam roads make motoring and driving all over the city and from one end of the county to the other a matter of ease and comfort. The motorist can go all day unless he wants to stop.

The greatest achievement of our good roads system, however, has been in the development of the county. Good roads settled the rural transportation problem, opened the way into the fine trucking lands and furnished easy access to the local markets and the stations from which truck is shipped to Northern markets in the refrigerator trains which the trucking industry has made a permanent service. The consequence is that the trucking industry can be conducted with greater economy and more ease, with the result that the industry has increased and continues to grow. The advancement of the trucking industry and agriculture generally increase the demand for lands, and logically land values have felt the impulse.

The increase in land values has been so astonishing that to state it in percentages would make it sound like a fairy tale. Nevertheless, unimproved lands, at a distance from the city, which sold some years back for $1.00 to $5.00 an acre cannot be bought in their improved state for $50 to $100. We have within our recollection a tract, close to the city, which was considered well sold at $20 an acre before the day of good roads. Good roads jumped the value to $100 and a purchaser who paid that price can sell out his best land for $500 an acre any day he says the word. He declines that, however, because from three to five crops of truck each season on that land make him a fine return for the land even though it be considered of the value of $500 an acre as an investment.

Good roads as a factor in development have becme so well recognized that the more enterprising counties of North Carolina have become enthusiastic on the subject. There are some counties, however, that are slow to recognize the fact that if they are to keep up with the march of progress they must build good roads and build them now while the other counties are constructing highways and paying for them by the increase of land values, property of all kinds, and the enlargement of opportunities. With the object lessons before them and the good roads spirit militant on all sides, it should require no argument to induce the backward counties to vote bonds for improved roads so they can keep up with the march of progress.

The voice of the campaigner for good roads should not be needed but it is, and for that reason Congressman H. L. Godwin and other speakers are to address the people of Brunswick county in behalf of proposed bond issues for good roads. A spirit of enterprise is taking hold of the people of Brunswick county, and it is gratifying that Smithville, Town Creek and Lockwoods Folly townships propose to vote bonds for good roads. The bond issues ought to carry with a whoop, for the increase in tax values on account of good roads will pay for the bond issues many times over. Many people will be surprised to know what a fine country there is in Brunswick county, and good roads and railroads would make it the peer of any county in the State. If the good people of Brunswick wish to come into their own they should not fail to show a progressive spirit by voting solidly for good roads. It may slightly increase taxes but the benefits to follow will be a hundred fold more than a small tax levy. That has been the case in New Hanover and in every other county that has relegated bad roads to the rear.

The hog path, the sand trail and the old fashioned country road are doomed in North Carolina. The county which does not catch on to that will be way behind even the hind-end of the procession. The good roads movement is a live issue even in the mountain fastnesses of North Carolina. Almost impenetrable regions have been opened by good roads, and the mountain regions which have been the pioneers in macadamizing roads, by which their scenery can be reached by automobiles and private conveyances, are reaping the reward. A notable instance of the value of macadam highways is furnished by Lenoir and the Blowing Rock country which can now be reached by touring cars which carry thousands of Summer visitors to that country to enjoy the sublimity and healthfulness of the grand and majestic mountains which are yearly becoming more attractive to tourists.

There is a wide scope of grandeur in the Appalachian range throughout North Carolina and the rivalry for the attraction of Summer tourists is great. Those resorts and mountain counties have realized that they will drop out of notice unless they build good roads and make their region as accessible to tourists as any other region. In Transalvania county recently a bond issue of $100,000 for a railroad was authorized. Haywood will vote an issue of $30,000, Yancey $100,000, Buncombe $250,000 for the same purpose. Remarking upon this spirit of progress the Charlotte Observer says: "Our Western North Carolina mountains will retain their grandeur to the end of the present geologic epoch, but their isolation is happily destined ere long to be a thing of the past."

Eastern North Carolina must not let the Western portion of the State outstrip it in progress. We must construct good roads and railroads if we are to develop this fertile and matchless region and make it attractive to new settlers and homeseekers. If the people of eastern North Carolina don't do their part we need not be surprised if we have a very small share in the distribution of population and rural development in North Carolina.

The man who stands in the way of progress ought to be ashamed to hang on the gates of his town.

Columbia has a municipally-conducted Keeley cure. In dry territory a Keeley cure would add insult to injury.

Whichever faction wins in the State Republican Convention at Greensboro today, watch how glibly the average North Carolina Republican can eat crow. They are used to it.

"A woman should fight for her rights," declares a suffragette. She won't get the chance if the object of her assault sees her coming and is fully acquainted with the avenues of escape.

Senator Gore is blind in both eyes, and he couldn't see a bribe if one were offered to him, but he has a good pair of ears that fully understand when a crooked proposition is made to him.

Maj. Hale, of Fayetteville, insists that nobody has been nominated for Congress in the Sixth district. The Major is usually pretty level-headed and if he says that nobody was nominated, we are inclined to believe that such was the case.—Greensboro Telegram.

Richmond Pearson says he could not "run or stand or sit" for any office in North Carolina this year on the Republican ticket and preserve his self-respect. But Grant and other Republicans are squatting and sneaking around after office.—Raleigh News and Observer.

It looks like Senator Gore is going to stir up the animals. He has approached that bribery story with a good deal of circumstantiality, and in some important respects his testimony is borne out by others, including that of a member of the House.—Asheville Gazette News. (Rep.)

A Republican not taking sides in the chairmanship fight is something unusual, but W. G. Bramham, of Durham, is such an individual. He says that Duncan and Morehead are both fighting purely and simply to further their personal ambitions and that only the Democratic party is the gainer.—Greensboro Telegram.

He would be captious in the extreme who could find fault with the committee appointed by Chairman Eller to investigate the situation in this Congressional district. The gentlemen who compose that committee are eminently fitted to sift the matter to the bottom and arrive at a just conclusion, and their decision, whatever it may be, should be acepted by all with good grace.—Lumberton Robesonian.

The personnel of the committee appointed by Chairman Eller to investigate the facts in the Sixth district gives assurance that justice will be done. It is inconceivable that there will be any obstruction in the way of a settlement of the differences in the Sixth when the State committee has acted upon this committee's report. Should there be, it will not be difficult to place the blame. The executive committee's plan is so eminently fair that it should satisfy all.—Salisbury Post.

Although as a general rule it is inexpedient for one of our States to engage in a strictly manufacturing enterprise, an exception is found in the proposal that North Carolina should enter upon the preparation of as much diphtheria anti-toxin as may be needed by its citizens, furnishing the same at the actual cost of production. If the scheme should meet with the approval of the Legislature it would result in saving the lives of many children which otherwise might be sacrificed through the sheer financial inability of parents to procure the specific.—Charlotte Observer.

The Greensboro News asks concerning Butler, "Are those irrepressible 'bond holders' behind him? Are they expecting legislation favorable to their contention in the event Mr. Butler's astute campaign results in a Republican Legislature?" It is very likely that some one is back of Mr. Butler, and we do not believe he is employing all those stenographers and rooms at the Atlantic Hotel for the love of the party, and it is more than probable that these bond holders are behind this old fox, and it is not probable that we will have any Republican Legislature, but if we did have and they were of Butler's type they would not hesitate to sell the State.—Newbern Sun.

MAY ABOLISH NEAR BEER.

The Winston-Salem Aldermen Look Forward to Abolishing Them.

Winston-Salem Sentinel, Aug. 7.

The "near beer" ordinance was amended last night by the Winston aldermen, requiring applicants for license to show their fitness to conduct a business of this kind, and also giving the aldermen permission to issue the licenses for six months, this being done with the view to having a bill passed in the next legislature giving the aldermen the right not to grant any licenses at all and do away with the saloons altogether if they wish.

SAME OLD QUESTION ARISES

Street in Urgent Need of Improvements, and There is Controversy as to Whose Duty it is to Do the Work.

The Police and Fire Commission has notified Mayor Walter G. MacRae, as chief executive of the city, that the chief of the Fire Department has called attention to the impassable condition of Brunswick street, from Third to Nutt, and suggesting that some steps be taken as early as possible toward improving the thoroughfare.

The communication states that Chief Schnibben says that in case of serious fire north of the Coast Line freight yards, the department would have to go several blocks out of the way to get to the blaze, owing to the condition of the street complained of.

Mayor McRae took the matter up at once with Capt. Louis Belden, chairman of the Street Commission, who is quoted as saying that his board could not make the improvements out of the bond issue money for street improvements, but that the work would be done if the city would provide the additional money.

The matter was then referred by Mayor MacRae to Alderman F. W. Bonitz, chairman of the Streets and Wharves Committee, who went with the Mayor to visit the section of the street needing improvments. The two estimated that the street, from Third to Nutt, a distance of about two blocks, could be graded and macadamized for about $1,700. Mr. Bonitz told the Mayor that he was ready to begin at once the improvement of the street if the city would provide the money for the work. He has no appropriation for this work, and in order to do it it would be necessary for the Board of Aldermen and Board of Audit and Finance to make an appropriation. Alderman Bonitz is of the opinion, however, that the improvement of this street comes under the head of the duties of the Street Commission, as it is certainly permanent improvements. He stated further that there are no sewer pipes to be laid on this end of the street, and he could see no reason why the commission could not proceed with the work.

Notwithstanding the rather lengthy discussion and investigation yesterday, the matter of whose business it is to fix the street is still a mooted question in municipal circles.

DR. FOSTER IN CHARLOTTE.

Being Heard by Large Congregations at Dr. Hulten's Church.

The following is an extract from a half-column article in yesterday's Charlotte Observer relative to Rev. Dr. J. H. Foster, of this city, and his book, "The Judgment Day," which was recently reviewed in the editorial columns of The Star:

"Dr. J. H. Foster, who is supplying for Dr. H. H. Hulten for a month, is the author of a book, entitled 'The Judgment Day,' the first edition of which is nearly exhausted before it has been from the press a month. It finds a ready sale in Charlotte where it is handled by C. H. Robinson & Co. on North Tryon street. Dr. Foster is pastor of the First Baptist church of Wilmington and has exchanged pulpits with Dr. H. H. Hulten of this city for a month. He is drawing the same large crowds that greet the popular pastor and many have been led to read his new book with deepest interest. Dr. Foster delivers sermons of wonderful power and effect with perfect calm and ease. His beautiful thought is clothed in well-chosen words and many of his hearers have been anxious to read his message printed in book form under the title 'The Judgment Day.' The Observer has a copy which is being held for an extended review.

The Observer then gives a number of very favorable criticisms on the book.

ON TO GREENSBORO!

Large Contingent of Eastern Carolina Republicans to Convention.

Republicans from all over this section of the State were here yesterday and the night before, en route to Greensboro for the State convention, which will be held there beginning at noon today. On account of the strong factional fight which has developed between Duncan and Morehead for the control of the party machinery in the State, the convention is expected to be one of the most strenuous in years.

Among those who left for Greensboro Monday night were Postmaster T. E. Wallace, of Wilmington; Irvin B. Tucker, Esq., of Columbus, and Major D. R. Walker, of Brunswick, while the delegation last evening included Messrs. E. W. Taylor, Walter Leonard, I. Jenerette and ex-Sheriff D. R. Walker, of Brunswick, and Mr. John W. Brooks, of New Hanover.

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, ache, barber's itch, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleaned and healed by this wonderful skin food.

In order that any one may try Hokara at small expense, J. Hicks Bunting Drug Co. are selling a liberal sized jar at 25 cents, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

SENATOR OVERMAN ACCEPTS

Will be Principal Speaker at State Convention of the Junior Order, U. A. M., at Beach This Month.

Chairman W. E. Springer and Secretary Frank Brittain, of the joint committee from the two local councils of the Junior Order United American Mechanics, received a letter yesterday morning from Senator Lee S. Overman, of Salisbury, accepting the invitation to deliver the principal address at the State Convention of the great and growing order to be held at Tarrymoore Hotel, Wrightsville Beach, August 23rd to the 26th, inclusive.

This information was received with pleasure by the local members of the order, and the Juniors throughout the State will be glad to learn that the distinguished junior Senator will address them in convention at the beach.

Senator Overman is an enthusiastic member of the order, and he will be heard with great interest by the representatives to the State convention. He visited this city last Fall, upon the occasion of President Taft's visit, and he made many warm friends who will be delighted to welcome him to Wilmington again.

The joint committee will hold a meeting next Monday night, at which time it is expected that the final arrangements for the meeting will be made. The tentative programme announced some days ago provided for a trip down the Cape Fear river on the last day of the convention, but it has been decided best to abandon the proposed trip. The big dance at Lumina on the evening of the 26th will be the principal social function in honor of the visitors. The dance will be given by the Tidewater Power Company, complimentary to the Juniors and members of their families who will be in attendance.

The first session will be held at Lumina Tuesday night, August 23rd, at which the visitors will be welcomed by Mayor Walter G. MacRae, and other addresses will be delivered. Wednesday and Thursday will be given to business sessions, and probably one session will be held on Friday.

Reports indicate that the attendance will be unusually large. Arrangements are being made for the entertainment of between 600 and 800 Juniors and members of their families. The fact that the meeting is to be held at one of the best times in the year to visit Wrightsville Beach is expected to cause a larger attendance than usual.

Senator Overman stated in his letter accepting the invitation that he had been appointed Envoy Extraordinary and Minister Plenipotentiary from the United States to the Mexican Centennial at Mexico City, early in September, and that he would attend, but expressed the hope that this would not interfere with the pleasure it would give him to address the Junior Order of the State here on the occasion of their annual gathering.

NEGRO GAVE MUCH TROUBLE.

Assaulted White Man and Then Threatened an Officer.

George McKoy, colored, was given hearing in Justice Borneman's court yesterday on the charge of assault and battery on Mr. John Sellers, an aged citizen, in the employ of the city, and on a peace warrant sworn out by Mr. George Millis. For assault the negro was fined $20 and costs, and in the peace warrant case bond was fixed at $50 to keep the peace for 12 months, or if bond is not given he must spend 12 months in jail and work two months on the county roads. The negro had not arranged the bond yesterday afternoon.

It was in evidence that about 10 o'clock Monday night Mr. Sellers went to the store of J. E. Taylor, corner Eighth and Castle streets, and upon entering the building laid his hand on the negro's shoulder and spoke to him. The negro turned upon Mr. Sellers and beat him up pretty badly. Yesterday morning Mr. J. F. Sellers, son of the aged citizen who was assaulted by the negro, swore out a warrant for McKoy. The warrant was placed in the hands of Deputy Sheriff Howe, who, anticipating trouble, summoned Mr. Millis and one or two others to go with him. They went to the negro's house and found McKoy there. He denied to Sheriff Howe that his name was McKoy, Mr. Millis then approached and stated positively that the negro was the man wanted. Because he had exposed his identity to the officer, McKoy cursed Mr. Millis and threatened to do him bodily harm. The negro was brought to the office of Justice Bornemann and given hearing as above stated.

SUMMER AND WINTER RESORT.

Visitor Speaks of the Advantages of Wrightsville Beach.

A recent visitor to Wrightsville Beach called to the attention of a prominent Wilmingtonian a point in connection with the resort that has never been stressed to any considerable extent, and that is, that Wrightsville Beach could be made a most attractive Winter as well as Summer resort. In substance, the visitor spoke as follows:

"You have a most attractive place here by reason of its location and the fact that the prevailing winds coming to you direct off the ocean make mosquitoes and sand flies an impossibility during 90 per cent of the time. It is the southernmost point where one can pass the Summer comfortably, and the northernmost point where one may pass the Winter without experiencing the extreme cold.

"This means that when the beach has reached somewhere near its ultimate development, your Northern visitors will come to you in the Fall and remain until the Southern visitors come to you in the Spring. In other words, you have here the only resort that I know of in the United States which can count on practically an all-the-year-round business by reason of its climatic conditions. Other places there are in plenty which are fully as attractive in the Summer time, and still others which are fully as attractive in the Winter, but no one resort that I know of which possesses these qualities in common."

MR. J. B. HUNTINGTON CHOSEN

Named as General Secretary of the Y M C A., to Succeed Mr. Edwin Kettle—Plans Outlined for Fall Work.

The directors of the Y. M. C. A., in regular monthly session last night, unanimously elected Mr. J. B. Huntington, the physical director, as the general secretary, to succeed Mr. Edwin Kettle, whose resignation was effective August 1st, and which position has since that date been filled by Mr. Huntington with credit to himself and the association. Mr. Huntington has indicated his acceptance of the position and will be both general secretary and physical director.

The directors feel that they are indeed fortunate in securing Mr. Huntington for the place, and with him and Mr. H. G. Bowden, the able assistant secretary, in charge of the active management the institution should go forward by leaps and bounds. Both are young men who thoroughly understand the association work, and are exceedingly popular with the young men and boys of the organization.

In the absence from the city of the chairman, Dr. Joseph Akerman, the meeting last night was presided over by Mr. K. W. Price, and Dr. J. W. Stanly acted as secretary. The other members present were: Messrs. H. G. Fennell, J. A. McGeachy, W. W. Koch, W. B. Cooper and Dr. J. H. Dreher.

This was one of the most important meetings of the Summer, for in addition to the election of a successor to Mr. Kettle, the board outlined the plans for the Fall and Winter work, which will embrace a number of new and interesting features, announcement of which will be made in due time.

As stated in yesterday's Star, arrangements are now being made by the membership committee for a campaign for new members and renewals, to be inaugurated at an early date, and there is every indication of a big increase in the membership during the Fall months.

THE RECORDER'S COURT.

Several Cases Were Investigated at Yesterday's Sitting.

Recorder Furlong had a large number of cases to claim his attenton yesterday morning but they were disposed of in short order. William Ray, colored, was arraigned on the charge of carrying concealed weapon, being arrested at Carolina Beach Monday. He was fined $25 and costs. Mattie Brown, colored, to whom, it appeared, Ray handed the pistol after he was arrested, was also charged with carrying concealed weapons, but the case against her was dismissed. Ray and another negro, Jim Herring, were arrested at the beach Monday on the charge of stealing $35 from a restaurant and when Ray was taken by an officer the pistol was found on his person. The charge of larceny was investigated in Justice Harriss' court yesterday morning and the case dismissed, the evidence being insufficient to convict. It was stated on the streets that the amount of the money stolen was returned to the owners of the restaurant by the father of one of the defendants.

E. T. Rembert, a young white man, and James Moore, colored, were required to pay the costs in a case against them for assault on each other. A case against Dave Coleman, a youth, charged with assault, was dismissed on account of the tender age of the defendant. E. Ebenhardt, a near-beer dealer, was found not guilty of the charge of violating the near-beer ordinance by having the view to the entrance to his place obstructed. Cornelia Everett, colored, was found not guilty of a charge of vagrancy. The case against Jim Edwards, colored, charged with attempting to burn the city prison, was continued until today.

SURPRISE MARRIAGE.

Lumberton Couple Wed in Register of Deeds' Office.

(By Long Distance Telephone.)

Lumberton, N. C., Aug. 9.—There was a surprise marriage at the Register of Deeds' office here tonight about 10 o'clock, Mr. J. A. Drummond and Mrs. Sallie Rogers being the parties to the marriage vow. The ceremony was performed by Justice A. E. White, in the presence of a few friends. The happy couple have the best wishes of a large circle of friends.

Mr. M. M. Floyd Passes Away.

Friends learned with regret of the death of Mr. Millard M. Floyd, which occurred at 5:30 o'clock yesterday morning at his home at Delgado, after an illness of some time of dropsy. He was night watchman at Delgado and held in high esteem by all who knew him. He was 43 years old and leaves a number of relatives who have the sympathy of many friends in their bereavement. The remains will be taken to Vineland, Columbus county, where the funeral and interment will take place today.

Bruin on Exhibition.

In the show window of the Gerken Tobacco Company there was on exhibition a small bear, recently secured by Mr. John F. Garrell, while passing through the Dismal Swamp canal on his way down from Rochester, N. Y., by the inside route on the yacht recently purchased by him there. Bruin attracted much attention from passers-by, is remarkably tame and eats out of the hand readily. He bids fair to be a great favorite at Baxter's.

THE LYCEUM COURSE.

Under Auspices Boys' Brigade, Promises Big Success.

The Lyceum course, under the auspices of the Boys' Brigade, promises to be a great success, if one may judge from the large number of tickets that have already been sold, especially during the past week, when more than 100 were subscribed for. The reason for this large sale is the high class of the six attractions that are offered, these probably having never been surpassed in quality by any course ever given in Wilmington. To accommodate those who wish tickets, a subscription list has been opened at the Y. M. C. A., where the names of those desiring to subscribe may be left. It was at first thought that 400 tickets would be sold, but as this would overcrowd the seating capacity of the armory, the number has been reduced to 350. After this number is disposed of, no price could possibly secure another, so that those contemplating securing tickets should subscribe at once, as they are going fast.

Company C, which is now being organized at the armory, has enrolled 20 members in one week, those uniting with the Brigade without any solicitation whatever. It is confidently expected that the required number of 30 will all be secured this week. These raw recruits have been drilled several times under Lieutenant Earl King and Corporal Sholar, of Company B, and they are making very rapid strides towards proficiency in both marching and manual. Uniforms and guns were issued to this company Monday afternoon, followed by their first appearance on the street, and they created quite a distinct sensation by their appearance and drilling.

The plans of the Educational Committee are being carefully arranged. It is decided that several classes, embracing practical studies, will be included in the course. Up to the present time three classes have been arranged for, these being carpentry, stenography and elementary English. These branches will be taught by members of the Brigade, which is quite a new development in this work, and speaks highly for the past work of the organization.

CAROLINA BAKERY ASSIGNS.

Mr. F. E. Hashagen Named as Trustee to Wind Up Affairs.

Setting forth the fact that the company is indebted to various parties and unable to meet the demands made upon it, but being desirous of an equitable distribution of its property and effects among its creditors, the officers of the Carolina Bakery, Incorporated, yesterday morning filed for record a deed of assignment, naming Mr. F. E. Hashagen as the trustee. This action was decided upon at a meeting of the board of directors of the company yesterday morning. The trustee is directed to take charge of the business of the corporation, sell its property at either public or private sale, and apply the proceeds as follows: First, pay the just and reasonable expenses and costs of executing the deed of assignment, including the commission allowed by law to the trustee; second, pay to Kellum & Loughlin, attorneys, such sum as the Clerk of Court may direct; third, take the remainder to pay the debts of the corporation, or as much as possible ratably and proportionately. The deed is executed by R. A. Cromwell, president, and H. C. Held, secretary. The bakery has been doing business for several months on North Fourth street.

THE CITY HOSPITAL.

Report of the Institution for the Month of July.

The report of the James Walker Memorial Hospital for the month of July as made to the board of managers of the institution makes as fine a showing as for the record month of June. The report is as follows: Number of patients remaining June 30th, 67; admitted during July, 90, a total of 157. Patients discharged during July, 87, died during July, 14, a total of 101. Number of days treatment: Charity patients, 1,111; pay patients, 589, a total of 1,700. Operations, 36. Number of dressings, 317; ambulance calls, 68, out patient department: New cases treated, 101; old cases treated 43, a total of 144. Dressing on new cases, 327; dressing on old cases, 128, a total of 455.

BUYS OUT C. P. B. MAHLER.

D. R. Foster & Co. Purchase Real Estate and Collecting Business.

A business transfer was announced yesterday by which D. R. Foster & Co., the well-known real estate firm, purchases the collecting and real estate business of Mr. C. P. B. Mahler. The Foster Company has already taken over the general business, which has been conducted by Mr. Mahler for several years, and has assumed full charge of affairs.

Mr Mahler has decided to retire from this line of business, and his friends will be interested to learn that he is now associated with Mr. E. F. Grossman, the architect, who engaged in business in this city several months ago.

MRS. R. F. BROOKS DEAD.

Passed Away Saturday at Her Home at Currie—Much Sympathy.

Many Wilmington friends have learned with sorrow of the death of Mrs. R. F. Brooks, of Currie, who passed away on Saturday at the age of 22 years. Mrs. Brooks had suffered a lingering illness with typhoid fever, and while the death was not unexpected, it came as a shock to family and friends. She was the only daughter of Mrs. W. J. Hollingsworth, and the heartfelt sympathy of the community goes out to the bereaved ones in their sorrow.

CAPE FEAR CLUB WALL.

Will Not be Torn Down Today—Extension of Time Granted.

After notifying the management of the Cape Fear Club orally of the dangerous condition of the wall on the Chesnut street side of the club's property and serving notice that unless it was removed by Wednesday at noon the superintendent of streets would proceed to tear it down in the interest of public safety, Alderman Fred Bonitz, chairman of the Streets and Wharves Committee, yesterday afternoon addressed a letter to the club management giving notice in writing that the wall must come down. However, before he had posted the letter Mr. C. R. Humphreys, the city engineer, stated that he would assume all responsibility for the wall and that he would give the management of the club until the 20th of August to remove it. This fact was communicated to the club as a postscript of the letter written by Mr. Bonitz, which was, in its entirety, as follows:

"August 9th, 1910.

"Cape Fear Club, Wilmington, N. C.

"Gentlemen:—Pursuant to the notification given you in writing several months ago, also by the Mayor and chief of police, also by the City Building Inspector and by the writer, I have instructed Mr. Grant, the superintendent of streets, to proceed to remove the dangerous wall owned by the Cape Fear Club.

"This action is only taken after repeated efforts to induce the club to proceed with this work, and because in the opinion of many citizens and the City Engineer that to continue to allow the wall to remain will probably cause some accident that will render the city liable to suit, and may result in serious injury to some of our citizens. Unless work in removing the wall has been started by some one acting for the club by 12 o'clock noon Wednesday, August 10th, 1910, Mr. Grant has instructions to proceed to remove the same.

"Regretting that this step has become necessary but realizing that continued delay in this matter may cause some serious injury, I believe I am acting for the welfare of the citizens of Wilmington.

"F. W. BONITZ,
"Chairman Streets and Wharves committee."

"P. S. Since writing the above the City Engineer has notified me that he has extended the time for the removal of the wall until the 20th of August. I therefore have notified Mr. Grant to await further instructions from Mr. Humphreys. F. W. B."

FOUR NEGROES JAILED.

Charged With Murder in Robeson on July 30th—Twelve.

(Special Star Telegram.)

Lumberton, N. C., Aug. 9.—Sheriff McNeill went to Rowland this morning to attend the preliminary hearing of Arch McLean, Berry McLean, Dock McKinnon and Bud Monroe, colored, arrested yesterday on suspicion, charged with the killing of Oscar Moody, colored, on the night of July 30th. After hearing the evidence Justice Bell committed all four without bail and Sheriff McNeill brought them to jail.

There was another shooting near Rowland last night in which Lawrence Bartley shot and dangerously wounded Sinclair Hunt, both being Croatans. A shot gun was used at close range the whole load of small shot taking effect in the body. While the wound is dangerous it is not considered necessarily fatal. While probing for shot the physician extracted the gun wadding and part of the man's clothing.

Bartley came in this morning and surrendered and was placed in jail. There are now eleven men in jail here to be tried for their lives at September court and if the man who was shot last night should die, there would be twelve. Three of the number will be tried for burglary. Sheriff McNeill says Rowland furnishes seven of the bunch.

ANNUAL MEETING OF TRUCKERS

Call Issued for Annual Meeting of Stockholders in Wilmington, August 17th—Crate Manufacturers Here Yesterday.

Secretary H. T. Bauman, of the East Carolina Truck and Fruit Growers' Association, has issued a call for the annual meeting of the stockholders of the Association to be held in the court house in this city on the afternoon of August 17th at 2:30 o'clock, and it is expected that the attendance will be the largest in several years.

It is announced that special round trip rates will be issued by the Atlantic Coast Line good from the morning of the 16th to the 19th inclusive and all growers, whether members of the Association or not and interested in truck and strawberry culture, are cordially invited to attend. The general meeting of the Association will be preceded by the annual meetings of the Board of Directors and the Executive Committee, which have also been called to meet at the same time by President Wm. E. Springer. On account of the crisis which developed the past season with reference to the crate situation and the splendid manner in which it was handled without the slightest friction through the medium of the Association, it is expected that growers everywhere will this year lend their encouragement and support to the Association. Mr. Bauman estimates that at the beginning of the last shipping season there were in the hands of the growers and makers some 203,128 crates which were not of the standard, representing an investment of over $40,000. Through the instrumentality of the committee sent North just prior to the shipping season, a satisfactory agreement was reached as to a suspension of the law, though Jersey and other shippers that marketed later were caught without protection and experienced no end of trouble with the new law; the effect of the committee's action being a saving of just the amount named.

The crate manufacturers now have a working arrangement in co-operation with the growers and this is expected to result in mutual benefit in handling the situation the coming season. There was a meeting of the Crate Makers' Association in this city yesterday, Mr. J. A. Brown, of Chadbourn, presiding, and Mr. W. R. Murphy, of Magnolia, being present as secretary. The situation was gone into very carefully and plans were laid for the coming season so that there will be uniformity of packages and a standard acceptable in all markets North. Aside from a general consideration of these matters, nothing else of public interest was transacted.

Young Man Slightly Cut.

Report was made at police headquarters late last night that Mike Bryant, a young white man, was slightly cut in the stomach with a knife by Mack Godwin in the store of E. A. Todd, Seventh and Castle streets, last night. Bryant went to the James Walker Memorial Hospital, where his wound was dressed, and then went to his home. The difficulty, it is said, occurred over some trivial matter. No arrests had been made at midnight.

HONOR OF MISS GERTRUDE BRYAN, OF WILMINGTON.

Many friends of Miss Gertrude Bryan, in this city and elsewhere in this section, will be interested in the following from The Blade, Walnut Ridge, Ark.:

"One of the most enjoyable affairs of the season was a delightful evening spent with Captain and Mrs. J. F. Medearis, who entertained with high five in honor of Miss Gertrude Bryan, a charming young lady of Wilmington, N. C., the guest of Mr. and Mrs. J. S. Gibson, of Hoxie. This beautiful home is noted for its lovely paintings, as well as for the genial Southern hospitality of the host and hostess. The spacious rooms were thrown together and the guests seated at many small tables. Mrs. Medearis graciously welcomed her guests on the brilliantly lighted porch, gowned in a dainty lingerie with diamonds. Miss Gertrude Bryan, the honoree, wore a lovely white messaline embroidered. Punch was served by Misses Reginia Dowell and Cleo Merriwether, of Little Rock, gallantly assisted by Duke Messer. After the games delightful refreshments were served on the card tables, which were laid with handsome embroidered covers."

PARTY OF MAROONERS AT WHITE LAKE, N. C.

Atkinson, N. C., July 9. — White Lake is an isolated place, but each year it grows better known throughout the State, on account of its silvery white waters and attractive surroundings for marooners from Sampson, Bladen and Pender counties. For five days the past week the Melvin side of the lake has been made happily gay by the most successful party ever given in the series of annual parties given by Messrs. S. J. Hawes and E. F. McCulloch. Composing the party, the young ladies were as follows: Misses Eoline Shaw, St. Paul; Alma Whitlock, Salisbury; Katie Hawes, Atkinson; May Dee Wooten, Chadbourn; Lela Whitehead, Scotland Neck; Annie Laurie and Augusta Thomson Faison and Geneva Moore, Burgaw. The young men were Dr. M. P. Cumming, Reidsville; Albert Stewart, Fayetteville; Edgar McCulloch, White Oak; Thomas McDowell and Raymond Davis, Elizabethtown; Dr. H. L. Keith and S. J. CONGRESSIONAL SITUATION.

All Now Awaits Coming of Committee to Wrightsville Beach.

New interest was injected yesterday into the Sixth District Congressional quandary upon publication of the letters being received by parties at interest from ex-Governor T. J. Jarvis, chairman of the special committee appointed to handle the situation, and the result of the hearings and deliberations of the committee at Wrightsville Beach beginning Friday morning are awaited with interest.

It was learned yesterday from an authoritative source that friends of Congressman Godwin in this county, and presumably by his adherents in every county in the district, were circulating petitions to the special committee asking them to re-submit the matter to another primary. A copy of the petition could not be secured for publication, but the advocates of that method of settling the unfortunate controversy claim that the petitions were being very largely signed.

COOKING DEMONSTRATIONS.

Yesterday a Record-Breaker at Woolvin Building—Announcements.

The cooking demonstrations in the Woolvin building are growing in attendance and interest by leaps and bounds. More people witnessed the two demonstrations yesterday than have ever attended a like affair in this State, and possibly in the South. Nearly 200 people voted on the gas range to be given away Saturday, Mr. Walker, who is assisting Mrs. Whitted, has attended demonstrations of this kind at several Southern cities, and from his reports the attendance here yesterday was a record-breaker, both in number of people and general interest shown.

A crowd such as attended yesterday would be a credit to any city, and nothing reflects upon the character and tone of a community or city, as the interest shown by the women in their homes. The women of Wilmington have shown an intense interest so far, and the indications are that before the week is past the attendance will set a pace for any city, regardless of size or location.

Mrs. Whitted requests that those who have deposited their tickets on the gas range remember that they are entitled to one ticket for every demonstration they attend. Should a lady attend 10 of the 12 demonstrations, she is entitled to 10 votes, one for every time she attends. The various recipes given and demonstrated by Mrs. Whitted will be displayed today on a blackboard by Mr. Walker, and ladies will find their note books quite convenient for copying these.

LEAVE FOR EUROPE.

Mr. Matt J. Heyer and Family Will Sail on Saturday for London.

Mr. and Mrs. Matt J. Heyer and daughter and their son, Henry Y. Heyer, Esq., left yesterday for New York, whence they will sail on Saturday on the steamer Cecilia, of the North German Lloyd, for London, England. They will remain abroad until about the first of October, and expect to travel quite extensively, though they will make their headquarters in London, where Mr. Heyer will maintain his connection with the banking interests through the London and Westminster Bank. Many friends in Wilmington wish the family a pleasant sojourn abroad and a safe return in the Fall. Mr. Heyer's health has greatly improved, so that the sojourn was not necessary especially on that account, but it is believed that he will attain even greater improvement by reason of the rest and recreation afforded across the waters.

NEARLY ALL IN.

Less Than $75,000 of State Bonds Not Yet Turned In.

Raleigh, N. C., Aug. 9.—Treasurer Lacy says that all the old bond issue, which was due July 1, has been turned in and paid except $73,600. A large portion of this amount is being held until the owners find a suitable place to invest the money.

LOVE SPURNED, KILLS SELF

Descendant of Wm. Bradford and Graduate of Harvard a Suicide.

South Framingham, Mass., Aug. 8.—With a copy of Byron's poems beside him, Gamaliel Bradford 3rd, of Wellesley Hills, direct descendant of Wm. Bradford, first governor of the Plymouth Colony, and a member of the graduating class of 1910 at Harvard, shot himself to death at a local hotel today, because the girl he loved and who is engaged to another had refused him.

Bradford was 23 years old and the course of his young passion broke the stern barrier of long generations of Puritan repression this morning, when he begged the young woman he loved to break her engagement to another man. His pleadings were made at the young lady's refusal, Bradford walked directly to a nearby hotel, engaged a room an, saying he was tired, locked himself in. Within half an hour four shots were heard. When hotel employes broke down the door of the young man's room he was found lying on the floor unconscious from a wound in his head. The other three shots fired wildly, left their marks about the apartment.

News of the shooting reached the young woman who had rejected him and she fainted. But upon recovery she begged to go to Bradford's at the hospital where he was taken and there she remained until he died a few hours later, unconscious to the end.

Gamaliel Bradford, 2nd, the youth's father, is widely known, said his son had long brooded over his love affair, and the family had feared such a result.

Young Bradford was a brilliant student finishing his four years course at Harvard in three years. He then entered the banking business in Boston. His college chum, John Brooks, committed suicide two years ago, under the same circumstances as today's tragedy.

The young man was tenth in descent of a family which contained many prominent men. His grandfather is Gamaliel Bradford, of Brooklyn, the well known publicist, anti-imperialist, and former candidate for Governor of Massachusetts.

YOUNG POWELL DIES.

Son of Scotland Neck Slayer Now Serving Term in Prison.

Durham, N. C., Aug. 9.—Aquilla Powell, aged 26 years, who shot himself Friday of last week in a near-beer saloon here, died tonight, never having rallied after the shooting. He will be buried at his old home at Scotland Neck, where his father recently killed Chief of Police Dunn.

Young Powell's brother, E. E. Powell, Jr., who has been so long held at Scotland Neck under bonds for retailing, was here yesterday, and spent the day with his brother. Aquilla Powell was not the family favorite. He has recently brooded deeply over his life, but has been allowed to talk but little since he was shot.

AFTER GIRL'S ASSAILAN.

Posse Search for Negro Brute in Alabama County.

Montgomery, Ala., Aug. 9.—A special from Talladega, Ala., to the Advertiser says:

Posses of Talladega county citizens tonight are scouring the northern part of this county for a negro accused of having attempted an assault upon a Miss Perdue, a young white girl, near Lincoln at 1 o'clock this afternoon. The telephone messages from Lincoln state that one body of armed men has caught a negro, who answers the description of the girl's assailant, while a second posse is in close pursuit of another negro. If the latter is captured both negroes will be taken before the girl for identification. Mob violence is feared.

While attempting to go to the scene this afternoon, Sheriff W. R. Middleton and Chief Deputy Sheriff J. D. Edwards were in a run-away. The sheriff had his right shoulder crushed, several ribs broken and his right leg fractured. The deputy was uninjured.

VIRGINIA TOWN VOTED DRY.

Prohibition Forces Carry Winchester by 150 Majority.

Winchester, Va., Aug. 9.—This town was voted "dry" today by a majority of 150 in a total of 944 votes cast. Two years ago Winchester voted out the saloons by a majority of 96 votes. Today's election was hotly contested, and almost every registered vote was brought. Prayer meetings were conducted throughout the day by the women.

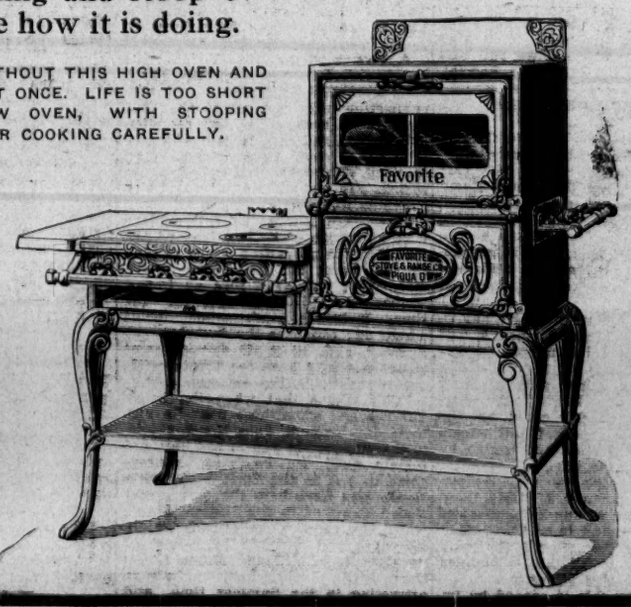
See that high oven and broiler? That means you don't have to bend over to put in your cooking and stoop every time you want to see how it is doing.

IF YOU HAVE A GAS RANGE WITHOUT THIS HIGH OVEN AND BROILER, YOU WANT TO CHANGE AT ONCE. LIFE IS TOO SHORT TO WEAR YOURSELF OUT ON A LOW OVEN, WITH STOOPING MANY TIMES A DAY TO WATCH YOUR COOKING CAREFULLY.

FAVORITE GAS RANGES WITH THIS SORT OF ARRANGEMENT, ARE ABOUT AS NEAR PERFECT AS ANYTHING WE KNOW OF. THEY ARE TIME, TROUBLE AND HEALTH SAVERS.

THIS STYLE OF RANGE IS ALSO FITTED WITH THE GLASS OVEN DOOR.

FAVORITES ARE BEING USED EXCLUSIVELY BY MRS. WHITTED IN HER LECTURES, BECAUSE THEY ARE THE BEST GAS RANGES MADE.



These are a few of the reasons why we handle Favorites.

COTTON MARKET LESS ACTIVE

Showed Reactionary Tendency Following Monday's Sharp Advance—Selling Was Heavy—Close Five Points Lower.

New York, Aug. 9.—The cotton market was less active today and prices showed a somewhat reactionary tendency following yesterday's sharp advance, but offerings, on the whole were very well absorbed; part of an early decline was recovered and the close was firm at a net loss of only 5 to 12 points.

The opening was steady at a decline of 2 points on August, but at a loss of from 9 to 16 points on the general list as a result of heavy realizing and selling for further reaction in response to disappointing cables and reports of rains in the western belt. Selling was heavy in keepin with the rapidity of the recent advance, but there was a continued trade demand on a scale down and as soon as the scattering long interest had been somewhat reduced the market was steadied by covering and renewed bull support, while aggressive selling for short account was precented by reports of a continued good demand for spot cotton and the fact that rains in Texas were confined to northern sections of the State. August made a new high record at the start and was relatively firm during the entire day, owing to reports of a further demand from the local stock and the absence of any important sellers while after the early decline to a net loss of about 18 to 19 points the new crop rallied several points with December and January reaching the highest prices of the day in the last trading. The weekly report of the weather bureau was bullish as to Texas, but read favorably as to the balance of the belt and had practically no influence on the trading.

Southern spot markets as officially reported early were unchanged to 1-4c higher and it was said that parties short of August in New York are competing with Southern mills for the remnant of old crop supplies. Today's receipts at Southwestern points showed a larger proportion of new crop cotton, but private wires attribute this to premature opening. The first bale of the new crop of Georgia cotton sold at auction here today bringing 15 cents per pound.

Receipts at the ports today 1,178 bales against 453 last week and 2,705 last year. For the week 10,000 bales against 6,773 last week and 11,070 last year. Today's receipts at New Orleans 71 bales against 393 last year.

Spot closed quiet 5 points lower; middling uplands 16 cents; middling gulf 16.25; sales 1,000 bales.

Futures opened steady and closed firm.

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so-called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Robt. R. Bellamy.

STRENGTH IN STOCK MARKET

Resulted From Power of Resistance to Unfavorable Factors — Dealings Were in Large Degree Professional—Conditions.

New York, Aug. 9.—The development of positive strength in the stock market was the outgrowth largely of the power of resistance to unfavorable factors, was demonstrated. The news of the attempt upon the life of Mayor Gaynor confronted the market when it opened. This new element was superposed upon the disappointing Government report or condition of the grain crops, which influenced the market at the close yesterday.

The depression of the early prices was so moderate as to serve as a warning to the bear element in the speculation that present holders of stocks would not be induced easily to sell. The advance in prices was perceptible. Dealings were in a large degree professional, and Reading, Union Pacific and United States Steel absorbed upwards of half the total transactions. There was some disposition to realize and to take a more hopeful view of its promise. The quiet tone of the corn market today and a downward tendency in wheat left no room for sensational inferences of harm to those crops. The weather news of the day was good. Cotton was affected even more sharply by the weather news, especially the prospect of rains in Texas.

In the field of dividend action there was the increase in the Canadian Pacific dividend and the maintenance of the Sloss-Sheffield steel dividend. The Canadian railroad stock made a strong response, and the sympathetic effect was particularly marked on the stocks of the transcontinental railroad lines.

The declaration of the regular dividend on Sloss Sheffield Steel disposed of rumors that have been very insistent that it was intended to reduce or pass the dividend. The rebound in the price was correspondingly sharp.

The better feeling over the crop promise was of far reaching effect. The manner of its working was illustrated in the assertion made by President Brown, of the New York Central, that he was influenced in placing large orders for new equipment by the conviction that good harvests were now assured. The influence of this was seen in the iron and steel industrials, including United States steel. Bonds were firm, except for the depression of New York City stocks. Total sales, par value, 1,187,000. United States 2s registered advanced 1-8, and the coupon 1-4 per cent in the bid price on call.

Total sales for the day, 563,100 shares.

COTTON MARKET YESTERDAY.

Manchester Cables Encouraging—The General Conditions.

(Special Star Telegram.)

New York, Aug. 9.—Cables from Liverpool were poor, but reports from Manchester were encouraging. Reported rains in Texas over night, which were not confirmed, broke the market at the opening on liquidation. Indicative of what would happen on general and sufficient precipitation, two points only in Texas report rain, and the weekly bureau says: "Rain needed in many sections."

The day's weakness is due also to the recent elimination of the short interest, and the absence of market support. The tendency is to await the course of the weather in the Southwest before taking any aggressive attitude.

Southern spot markets are generally higher.

DRY GOODS MARKET.

New York, Aug. 9.—The dry goods markets are steady, and many retail buyers are in. Jobbers are making moderate sales and are able to hold the values on merchandise steadier than they were a short time ago. Sales of 1,000 bales of standard drills for India shipment are reported. General export trade is quiet. Cotton yarns hold firm.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

SENSATIONAL AFFAIR.

Hearing by Directors of Colored Normal at Fayetteville.

Yesterday afternoon's Fayetteville Observer has the following:

"A sensational trial is in progress this afternoon at the court house, a glance into the Superior Court room of which would give one the idea of a Supreme Court in session.

"Sitting as judges on the raised dias are: Chairman H. L. Cook, Secretary Q. K. Nimocks, Dr. H. W. Lilly, Prof. J. A. McAlister, of Lumberton, and Mr. N. A. Smith, of Kipling, Harnett county, members of the Board of Directors of the State Colored Normal School of Fayetteville. At the bar sits Prof. E. E. Smith, one of the most prominent negroes in the State, ex-minister from the United States to Liberia, and at present superintendent of the State Normal School here. By his side is his handsome wife. He is there with counsel to refute charges against him of immoral conduct. His attorneys are Shaw & Bennett. Nearby sits the prosecutor, Elijah Adams, who accuses Prof. Smith of trying to seduce his daughter, Susie Adams, and other young girls. He is represented by Mr. A. S. Hall. In the body of the court room sit a hundred or more prominent negro citizens, waiting to testify on one side or the other. In addition there are a great many white spectators. After the reading of the complaint and the answer thereto, which is a flat denial of the charges, the "court" took a recess until 2:30 o'clock, at which time the hearing of witnesses will be begun.

When the court reassembled, Susie Adams, an exceedingly pretty and intelligent negro girl, stated that while a pupil of Asheville, and E. C. Frick, of Charlotte, at the State Normal, Prof. Smith made several improper proposals to her, all of which she resented. She is undergoing a severe cross-examination by Mr. Shaw as we go to press.

POSTAL SAVINGS BANKS.

Hitchcock Tells of Plans — Hopeful Over Political Situation.

Beverly, Mass., Aug. 9.—Postmaster General Hitchcock made a preliminary report to President Taft today regarding thhe plans for the institution of Postal Savings Banks in different parts of the country in the near future. The experimental banks will be located in the smaller cities. Sufficient money to establish the system in cities like New York, Chicago, Philadelphia, Boston and other great centers of population is not yet available. There is also a desire to perfect the system through the experiments in the smaller communities, before an attempt is made to open up the metropolitan branches.

It is hoped that the experimental banks may be in operation by October 15th. One of theh banks may be installed in a branch postoffice in Washington, where its operation can be watched from day to day by the higher postal officials. General Hitchcock left tonight for New York, where he is to consult with some of the postal bank officials, and will return to Beverly on Friday. The exact number of the experimental banks to be opened has not been decided. They will be distributed in different sections of the country.

Mr. Hitchcock and the President, it is said, also talked generally of the political situation.

"I am not the least bit pessimistic over the outcome from a Republican point of view," said Mr. Hitchcock. "The situation is improving all along the line. On my return from Europe I found many letters awaiting me and telling me of the improved conditions, especially in the West. The President is growing stronger every day. The magnificent record of legislation he made during the last Congress is gradually dawning on the people and is making itself felt everywhere."

JUDGE KILLED BY AUTO

Victim of Accident in Alabama—Two Others Injured.

Montgomery, Ala., Aug. 9.—Judge Julian C. Richardson, Judge of the Second Judicial Circuit of Alabama, is dead, and Edward Winkler and Glasgow Stewart, of Greenville, Alabama, are injured as the result of an automobile accident this afternoon 15 miles from Montgomery on the Mobile road.

The party was coming to Montgomery from Pensacola and the chauffeur was unfamiliar with the road. At a high rate of speed he drove the car to the center of a bridge on which there is a steep rise. The car sprang forward, well crushed one wheel, skidded and then suddenly stopped, throwing Judge Richardson over the hood. He was rushed to a Montgomery hospital in another car. He died this evening a few minutes before the arrival of his wife.

He was one of the best known jurists in Alabama.

BULLET OF ASSASSIN INTENDED FOR GAYNOR

(Continued From Page One.)

its passage, it did not specify the location of the two segments. It was learned unofficially, however, that one bit of lead remained embedded in the flesh almost at the wound's opening while the other part is buried in the lower part of the mouth. Dr. Ferdinand C. Wolff, the house physician at the hospital, said late tonight that it was probable no operation would be performed tomorrow. The Mayor's temperature is normal, his pulse strong and his mental attitude favorable for recovery. In fact, the surgeons were so optimistic that members of the Gaynor family left the hospital tonight, leaving Mrs. Gaynor alone in her vigil beside her husband.

The Mayor called for ice water late tonight and was allowed to drink quite freely. Previously he had taken several swallows of brandy poured over ice. He slept for a time this afternoon and again tonight and cheerfully suggested that he be allowed to walk to the operating room where the X-ray photographs were taken. This his physicians forbade.

Many Telegrams Received.

From every section of the country telegrams vigorously denouncing the attempted assassination of Mayor Gaynor and expressing the most fervent hopes for his recovery poured into the office of Acting Mayor John Purroy Mitchell, throughout the day and night. In addition to those received from President Taft, Theodore Roosevelt and Gov. Hughes, the following vividly exemplify the horror and sorrow aroused by the crime.

By wireless from the vessel on which the Mayor was to have sailed came this to the victim direct:

"The passengers on the steamer Kaiser Wilhelm der Grosse deeply deplore the dastardly attempt upon your life and hope for your speedy recovery." This was signed "The Committee."

Gov. Fort, of New Jersey, sent two messages in the first of which he declared that "In common with the whole community I am inexpressibly shocked," and adding that the Mayor's family call on him for anything in his power to grant. In the second message Gov. Fort said:

"A telephone message reassures me as to your recovery. All Jerseymen are dismayed that so dastardly an attack on your life could have occurred in this State. A speedy recovery be yours. You are the kind of man this country cannot spare.'

Twenty-five governors and as many mayors, exchanges and boards of trade in every section of the country and from Canada also sent telegrams of sympathy.

New York, Aug. 10.—This bulletin on Mayor Gaynor's condition was issued at 1:30 A. M.: "The Mayor is awake and is cheerful. He has no pain and he is conversing freely with his nurses and physicians. The indications are that he will have a good night."

Talking to those at his bedside, the Mayor said:

"I have been forced into strife and responsibility against my will. I have done my best and this seems to be the result."

AEROPLANE RACE CLOSE.

Leblanc Arrives First at Nancy, Having Covered 102 Miles.

Nancy, France, Aug. 9.—Leblanc and Auburn again led the van in today's leg of the cross-country aeroplane race. The second section of the flight of 165 kilometers, or approximately 102.5 miles.

The race between the leaders was an exciting one, Auburn started five minutes earlier than Leblanc, and the men were within sight of each other until they landed here. Leblanc's machine proved the swifter and he gradually forged ahead of the other, reaching the goal thirty seconds ahead of his rival. Both men used Bleriot monoplanes and steered by compass, checking their positions from the flags which had been placed on the church steeples in the villages over which they passed and by the smoke of bonfires that marked the course over the country stretches.

The circuit which the contestants must cover in six stages is 488 miles and extends from Paris to Troyes, Nancy, Bezieres, Charleville, Douai, Amiens and back to Paris. Twenty thousand dollars is offered for the aviator who makes the distance in the shortest elapsed time. Leblanc covered the first leg from the aviation field at Issy les Moulaineaux to Troyes about eighty-four miles, in one hour thirty-three minutes and twenty seconds. Aubrun's time for the distance was one hour, thirty-seven minutes and twenty-five seconds.

Alfred Leblanc was today elected to represent France in the international balloon race in the United States in the Fall.

The international balloon race will start from St. Louis on October 17th. Leblanc represented France in the race from the same city in 1907 and finished second. He landed at Hersbertville, N. J., after covering a distance of 867.4 miles.

INTERNATIONAL PLAN

Roosevelt Meets With Little Encouragement as to Conservation.

Washington, Aug. 9.—Former President Roosevelt's proposition to make conservation a world-wide movement by a conference of nations is pronounced officially by the State Department to be dead.

Of the forty-five governments represented diplomatically in Washington which were invited just before the former President went out of office to join the movement, only nineteen have replied.

The answers to some of the governments were of such a disinterested character that it was officially decided to carry the proposal no further.

Richmond, Va., Aug. 9.—By a majority of 700 or 800 in a total vote of about 6,000 Congressman Lamb, of this, the Third district, was today renomnated for election by Democratic primary over T. Ashby Wickham, of Henrico county.

New Orleans, La., Aug. 9.—Wireless messages received here late today announce the safe arrival at Bluefields, Nacaragua, of the converted yacht Hornet.

FIRE PROVED FATAL.

Early Morning Blaze Gutted Rock Springs Hotel—Boy Suffocated.

Fire of unknown origin at 2:30 o'clock this morning practically gutted the second and third stories of the Rock Springs Hotel, a boarding house conducted by J. C. Holly and family on Chestnut street, between Front and Water, just in the rear of the Southern building. Edward Cromwell, 19 years of age, employed as a cook and waiter in the house, was suffocated in his room on the rear third floor of the structure. Mr. Holder, one of the boarders, employed at a local saw mill, also had a narrow escape, having been taken from a third-story window by the firemen after their arrival. The entire interior of the building was in flames when discovered, a scream from one of the inmates of the house having attracted the attention of Policeman Parker, who turned in an alarm from box 25, Front and Chestnut streets. The fire started near the room in which young Cromwell was suffocated, and all efforts to reach him by Mr. Holly and others were fruitless, nearly all the occupants having had a close call for their own lives.

The property is owned by Messrs. Morris Bear & Bro. Mr. Holly carried some insurance on his furniture and fixtues, which are practically a complete loss.

Mr. Holly stated that the boy who was suffocated in the fire recently came to him from an orphan asylum in Charleston, S. C. He had been in Wilmington about four months.

HARNETT DEMOCRATS.

Convention at Lillington Harmonious Throughout—An Affray.

Lillington, N. C., Aug. 9.—In the best attended convention ever held in Harnett county, the Democrats yesterday nominated the following candidates: For Representative, Charles Ross; Sheriff, J. B. Lanier; Clerk of Court, F. H. Taylor; Register of Deeds, A. M. Shaw; Treasurer, D. B. Stewart; Commissioners, F. F. Johnson, D. P. McDonald, J. E. Wilson, A. W. Gregory, V. C. Matthews; Coroner, Dr. J. W. Halford.

Late yesterday afternoon in an affray between Clem Harrington, Alton Clark, Charlie Clark and Henry Norris, all white, the latter was stabbed several times with a knife and will probably die from the effects. Harrington was placed in jail here last night. The Clark boys skipped, leaving on a Raleigh train shortly after the affray. The police along the line were notified and in all probability the boys will be arrested. The difficulty took place in one of the near-beer joints, and it is thought all the boys were drinking.

RAD CLANS GATHERING

Both Sides Claim Victory in Republican Convention Today.

Greensboro, N. C., Aug. 9.—The city is filling with delegates to the State Republican convention, which meets Wednesday.

The principal interest centers over the selection of the State chairman. Congressman Morehead, the leading candidate, accompanied by his chief assistant, ex-Senator Marion Butler, arrived this morning and has a suite at the Guilford Hotel.

Duncan, leading the other side, has headquarters in the Benbow building, adjoining state heaquarters of Chairman Adams.

Butler, for Morehead, gave out the following: "Without counting a single contested county, and giving all doubts as to coming of delegates in favor of the opposition Morehead will have 808 1-2 votes on the first ballot out of a possible 1,[illegible]. Of course his election is certain."

At Duncan headquarters the claim is made. "We have no reason to change our statement in yesterday's papers that Morehead and Butler will lose out, and that we will have a majority of 212 votes."

REPUBLICANS IN STATE.

Fifth District Congressional Race is Postponed for Present.

Charlotte, N. C., Aug. 9.—The Republicans of North Carolina will meet in State convention at Greensboro tomorrow to nominate candidates for the Supreme Court bench and the Corporation Commission, and also to elect a successor to State Chairman Adams, who retires to accept a Federal appointment. National Committeeman E. C. Duncan and Congressman J. M. Morehead, who represents the Fifth district, are candidates for the State chairmanship, and the bitter strife that has developed over this issue has overshadowed other questions, so that even now, on the eve of the convention, not a single name has been mentioned in conection with the State offices.

Greensboro, N. C., Aug. 9. — The Fifth District Republican convention, in session here tonight, postponed nomination of a candidate until after the session of the State convention tomorrow.

PEACE FROM VATICAN.

Report That Effort is Being Made to Reach Understanding.

Rome, Aug. 9.—It was reported today that Cardinal Merry del Val, the papal secretary of state, was trying through official, semi-official and private channels to reach an understanding with the Spanish government.

It is believed that the next note from the Vatican will announce an agrement or a definite rupture between Rome and Madrid.

A good omen was found today in the presence of Marquis de Gonzales, the Spanish charge d'affaires to the Vatican, and the staff of the Spanish embassy at the mass celebrated by Cardinal Merry del Val in honor of the anniversary of the coronation of Pope Pius X. In view of the strained relations between the Holy See and Spain, the decision of the Spanish representatives to be present at the morning function or to absent them-

SENT POISON TO MAYOR.

Executive of San Angelo, Texas, Receives Carbolic Acid.

San Angelo, Texas, Aug. 9.—Mayor Blanchard, of San Angelo, has submitted to the postal authorities for investigation a mysterious package which was opened in the mail by a railway mail clerk running between Brownwood and Temple. The package, which was a little glass vial, containing some medicine, inclosed in a wooden box, was addressed to a Brownwood man with the following note attached:

"Mr. ———:

"Dear Sir: Enclosed find a bottle of medicine that will cure your sore arm. Take a teaspoonful every night before retiring. I am a physician of 25 years' experience."

The note bore no signature. The package was turned over to a local physician for analysis and was found to contain carbolic acid.

PORTER CHARLTON CASE.

Must Return to Italy, Says Italian Vice Consul.

New York, Aug. 9.—Porter Charlton, who is now in Jersey City jail, awaiting the outcome of proceedings to extradite to Italy, will not escape having to return to that country to answer for the confessed murder of his wife, Mary Scott Castle-Charlton, at Lake Como, without a legal battle. This was made plain tonight by Gustav di Rosa, the Italian vice consul, in a statement issued when he called at Prosecutor Garvin's office in Jersey City to inquire about the case.

"I desire to make it clear," said Signor di Rosa, "that the government I represent is going to get Charlton. He shall not escape trial in Italy if we can help it."

Signor di Rosa was assured that Prosecutor Garvin is determined that full justice shall be done.

OKLAHOMA BANKS ABANDONING GUARANTEE PLAN.

Washington, Aug. 3.—According to information received here, Oklahoma banks are finding the bank guarantee plan unsatisfactory and a number are now changing back to the national system. In all about 150 national banks in Oklahoma adopted the bank guarantee plan when it was started, so that it will take a good deal of time to complete the transfer of these institutions back again to the national system should all of them determine to return to their old allegiance. One bank has sent a circular characterizing the State Guarantee Law as burdensome without adding anything to the stability of the bank. au 7 tf
